# The Beginning

Cheers ring out as a swift runner carries a blazing torch into the arena to light the Olympic torch. The torch has been brought from Elis, Greece.

Runners relay the torch through many different countries, just as a year is part of the relay of our lives through time. The Olympics are the result of the preceeding four years of preparation, practice, suffering, and sacrifice. Graduation from high school is also the result of four years of preparation, of the same practice, of the same suffering, and the same sacrifice. After we go through all of this, we can truly say that we have won, just as the athlete can say he won because he has made it to the Olympics.

High School prepares us for the future. Through the classes we take, we are gaining knowledge to use out there in the world. Through the structure of high school life we are preparing to live lives that are full of deadlines, conditions, and work. High School is really "Lighting the Way" to the future.

The Olympic games have many symbols that we can apply to life. There is the flame that symbolizes peace and friendship. There is the flag, whose rings symbolize sportsmanship with all the nations of the world. The pledge says we will obey the rules of sportsmanship and fair play. Then there is the motto: swifter, higher, stronger, which needs no explanation.

These same symbols can also apply to our personal, everyday lives. The flame symbolizes friendship between students, teachers, and administrators. The flag is a reminder of the goals in our lives that we have set for ourselves. The pledge is the order by which we live. Finally, the motto symbolizes our desire to our best in everything we do in our lives.

# Student Motivation

This may seem hard to believe but most of the "Mighty Mariners" are actually concerned about getting to school on time. Most of Pacifica's Juniors and Seniors have discovered mom's car as a quick and easy way to get to school, but also have discovered the high cost of fuel, otherwise known as "gas pains." The upper-classman then resort to the next easiest way to get to school,- Carpooling. But carpooling also has its disadvantages, such as being crammed into the back of a Honda Civic with seven other people, or having your best friend, who is also the driver, hit you with the same question every week, "Can you loan me a few bucks for gas?" The Juniors and Seniors finally realize that the members of the Frosh-Soph classes aren't as stupid as they look, and are soon seen slowly hiking up the avenues, placing one foot in front of the other towards Pacifica's campus. Not only are the Mariners saving their own money as well as mom's bus fares, they are also arriving at school long before the tardy bell rings. . .

# Picturing Pacifica

Pacifica's campus, like most others, has its popular places to hang out and its places that you hardly ever see. The quad is where you will usually see everyone. The campus is not very old, but holds many memories of good times that have taken place here. We will all remember of the pep assemblies that took place in the gym, and of the lunchtime activities in the quad.

Pacifica's campus will help to make many more memories for many more students, in the upcoming years.

# Class Time

The time spent after the bell rings. Once in class, everyone scrambles to get their last minute work done. Answers pass back and forth, getting ready for the big test. Gossip goes on about what happened last weekend. During all this time, the teacher has been yelling out her lungs to get the class.

Class has lingered on for so long, but finally the fifty minutes is over, and its time for another one.

# Pacifica Participation

There are many clubs around Pacifica's campus. They keep the students involved in many activities. Spanish club is one of the most popular clubs on campus. Participating in the sand castle contest every year and also selling candy grams are some of their club activities. Surf club involves many skilled students who, on various Saturdays, attend competitions in surfing. There are many other clubs to join at Pacifica, one is bound to grab your attention.

# Sports And Spirit

At sports events, an array of black, white, and blue pom-poms illuminate the atmosphere, accompanied by high spirited cheers. September through June just wouldn't be the same without spirit. Spirit shows the optimism we feel for our school. And still another instance of spiritual enthusiasm is the sporting events. They play a major role in our Pacifica spirit. Not only the athletes, but the students, faculty, rooters, and fund raising contribute. Feeling gratitude, seeking friends, and enjoying the company of others — football gives everyone the time to once again unveil their frenzy of spirit. Pacifica cannot be discribed in words, but is a genuine glow in which is accurately defined in our feelings and actions.

# Between Classes

If the halls of Pacifica could speak, oh the stories they would tell. of lover's "hellos" and lover's "farewells"

The casual passing of answers to a test
So they can look their ultimate best

The freshman hurry and run to class
So that the teacher won't kick their . . .
— behinds.

The seniors take it in their stride,
To go slowly and show their pride.

The crazy gossip that goes from friend to friend
And gets all inflated in the end.

These are a few of the things that go to — pass
In the five minutes from class to class.

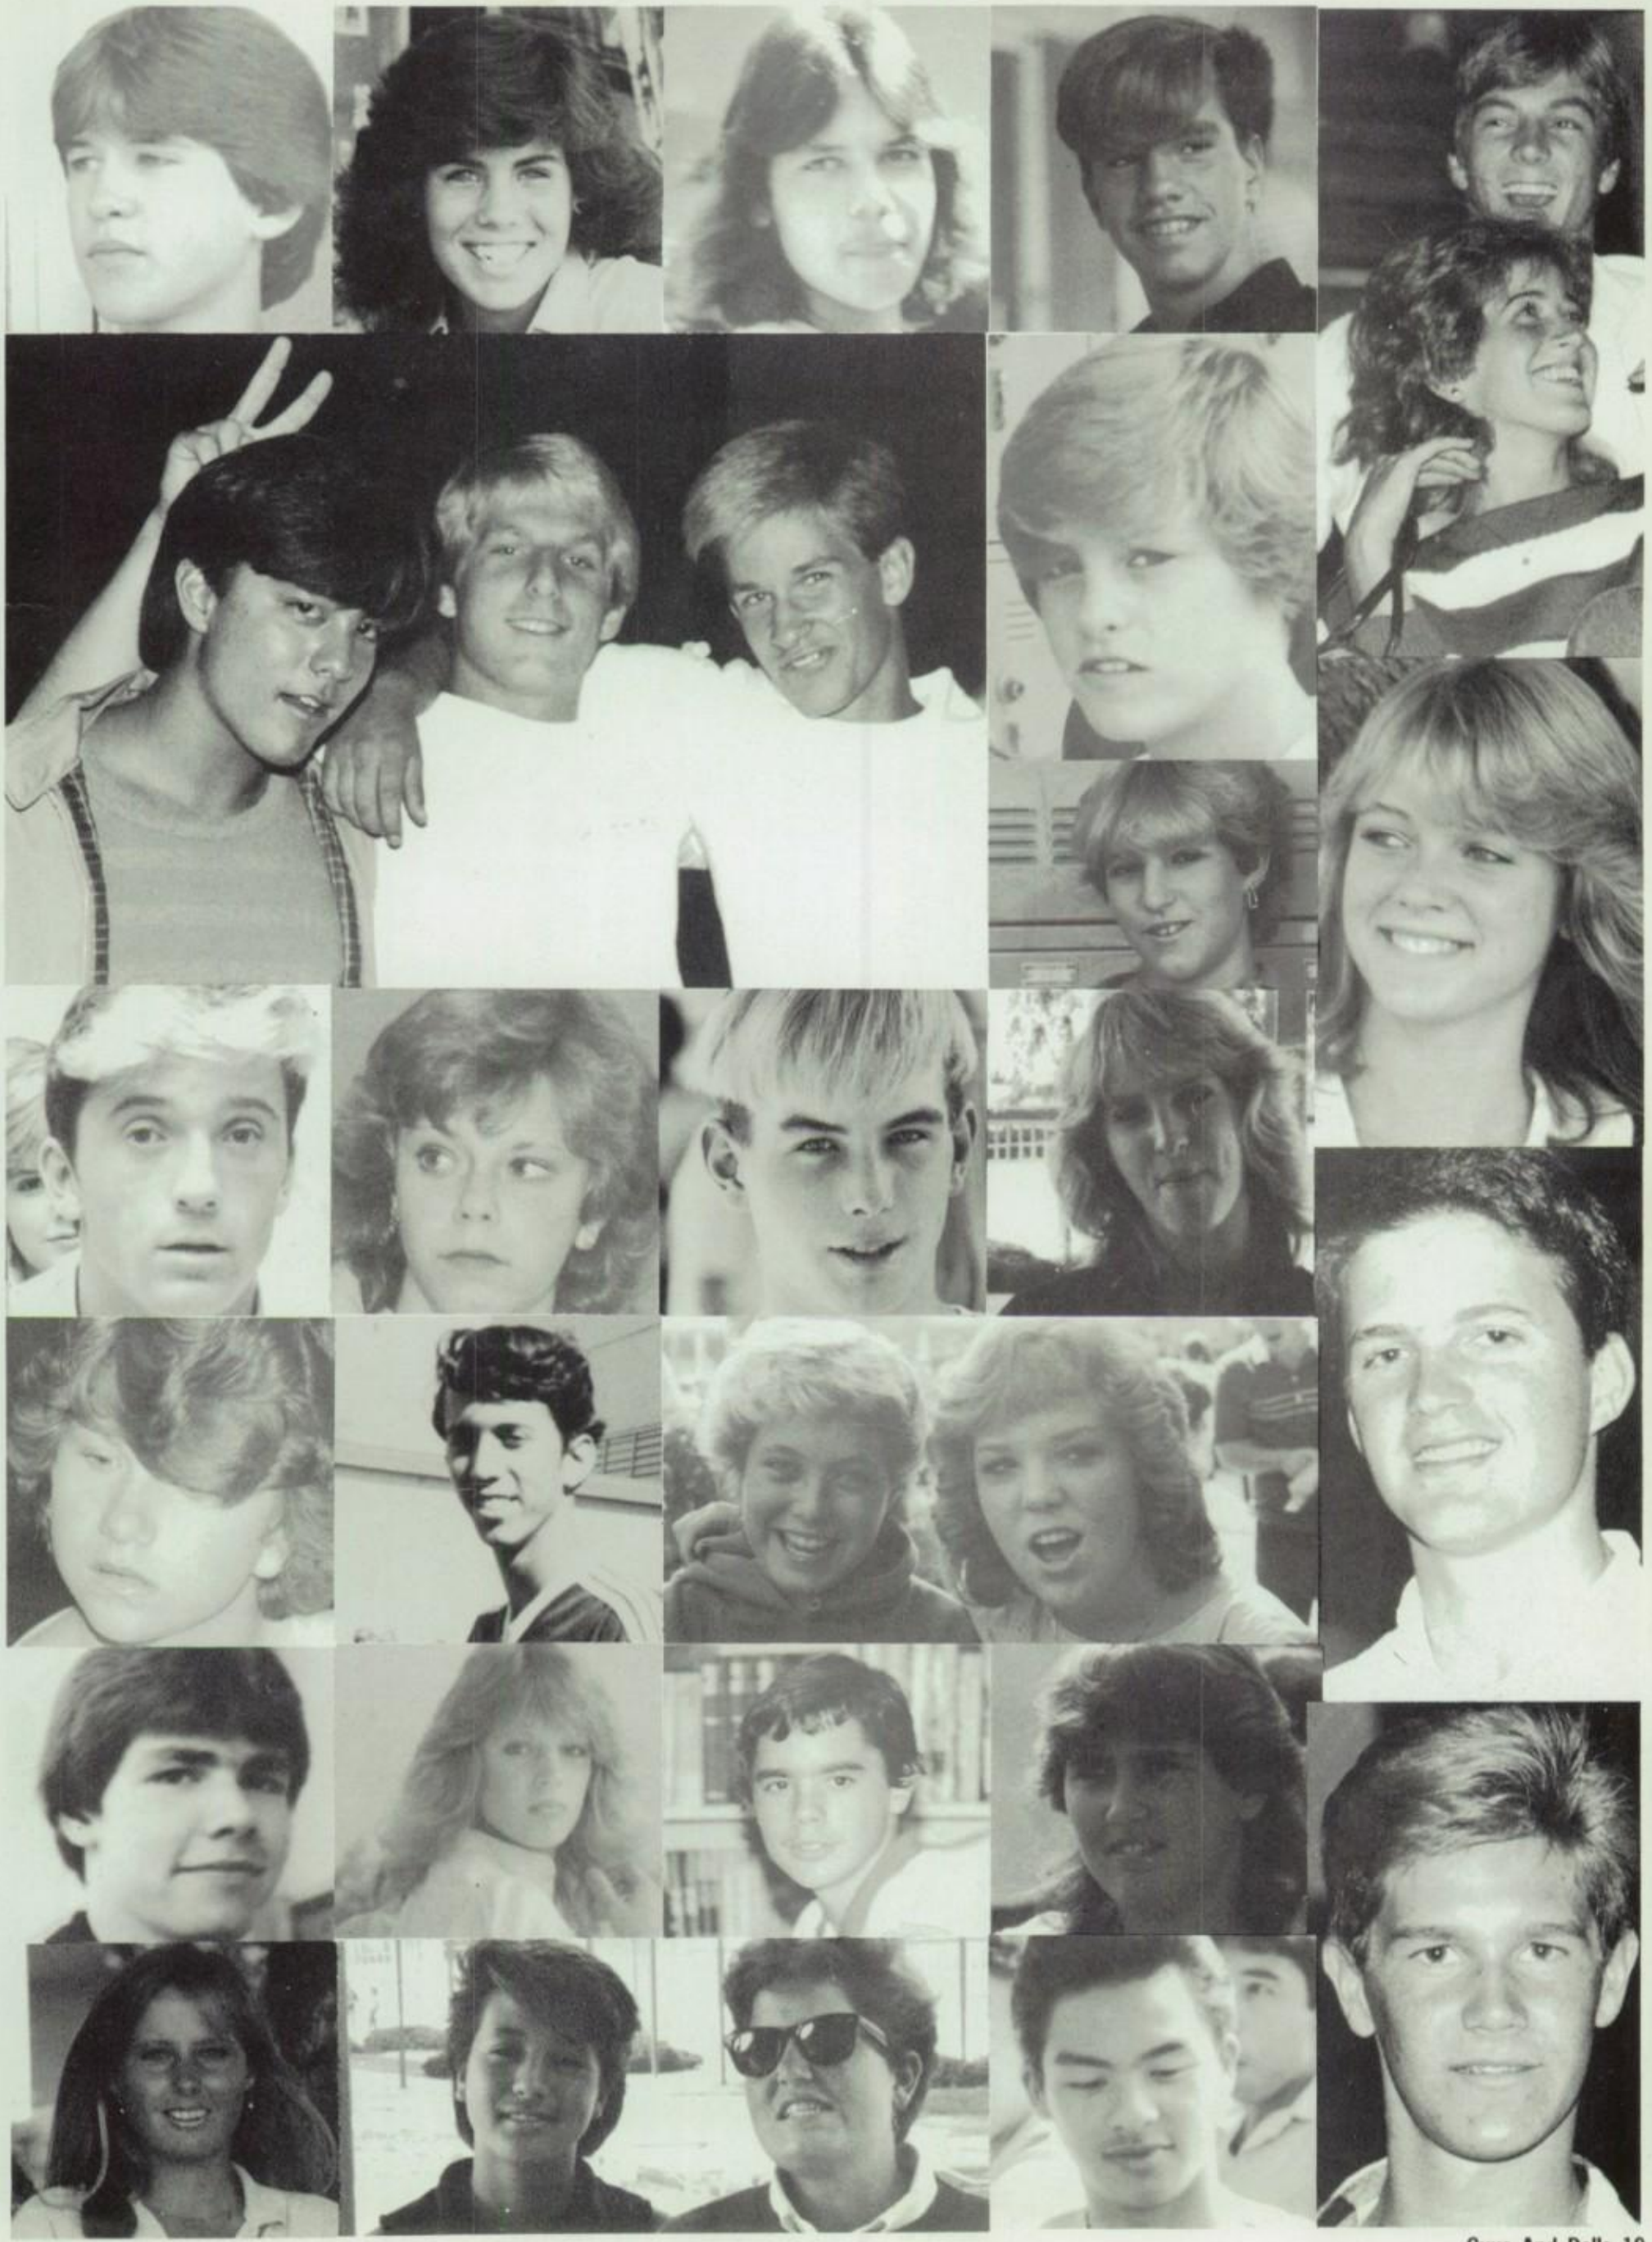
# STUDENT LIFE

# Guys And Dolls

On the Pacifica High Campus there is many students each with different characteristics. They come gorgeous, dainty, tall, lively, captivating, glamorous, astonishing, energetic, creative, serious, outgoing, and courageous. These are just some of the words to describe the students on the motivating underclassmen to the classy seniors, contributed their part, giving distinct personality to PHS and the fighting Mariners.



# Spirit Week

Spirit week is always one of the most exciting and memorable parts of the school year, and this year was no exception.

Although at first students were upset about not being able to have lawn decorations, the Mr. Spirit competition made up for it. This was a new idea just introduced this year by the ASB, and thought up by Kim Cusimano and Lea Behringer. It was a big success and Darin Finch was the proud Mr. Spirit. He got to escort Homecoming queen Lucinda Billheimer and our newly elected Homecoming queen Tracy Carson. He also won fifty dollars in prize money.

Pauline Benoun and Lisa Fraijo were the organizers of spirit week this year. They did an excellent job. Everything was arranged and brought out in a very interesting and exciting way.

All the events during lunchtime, such as the pep assemblies and dunking machine added to this year's spirit week and made it one of the best ever.

# A Touch Of Class

October 28, 1983 is a night that we will all remember for a long time, It was the night of our 1983-84 Homecoming, "A Touch of Class." This idea was presented in many ways. All of the Princesses were driven around the field in shiny, gorgeous T-top or convertable corvettes, and the returning Homecoming Queen Lucinda Billheimer and Mr. Spirit were driven together in a beautiful Mercedes Bienz.

The hosts in charge of this event were Pauline Benoun and Lisa Fraijo. They did an excellent job in the planning and organization of this event. The court included freshman princess Michelle Jensen, Sophomore princess Christina Woods, Junior princess Stacy Carson, and the Senior Princesses Lea Behringer, Kim Cusimano, and newly elected Homecoming Queen Tracy Carson.

Due to unpleasant circumstances the freshman princess could not be present at the game. The school thought that the freshman class should be represented and therefore passed on the title of freshman princess to first runner up Jenifer Gaffaney.

Instead of the annual class floats, the classes were represented by banners with the theme "A touch of Class." It worked out very well, Another change was the sky diver who delivered the football to the game. The whole night was a big success, and Mariner team defeated Kennedy with the score of 27-17.

# Halloween Hits

Halloween, in medieval times All Hallows Eve, a holy or hallowed evening observed on October 31, the eve of all Saints' Day. This date was also the eve of the new year in both Celtic and Anglo-Saxon times and was the occasion for one of the ancient fire festivals when huge bonfires were set on hill-tops to frighten away evil spirits. The date was connected with the return of herds from pasture, and laws and land tenures were renewed. The souls of the dead were supposed to revisit their homes on this day, and the autuminal festival acquired sinister significance, with ghosts, witches, hobgoblins, black cats, fairies, and demons of all kinds said to be roaming about.

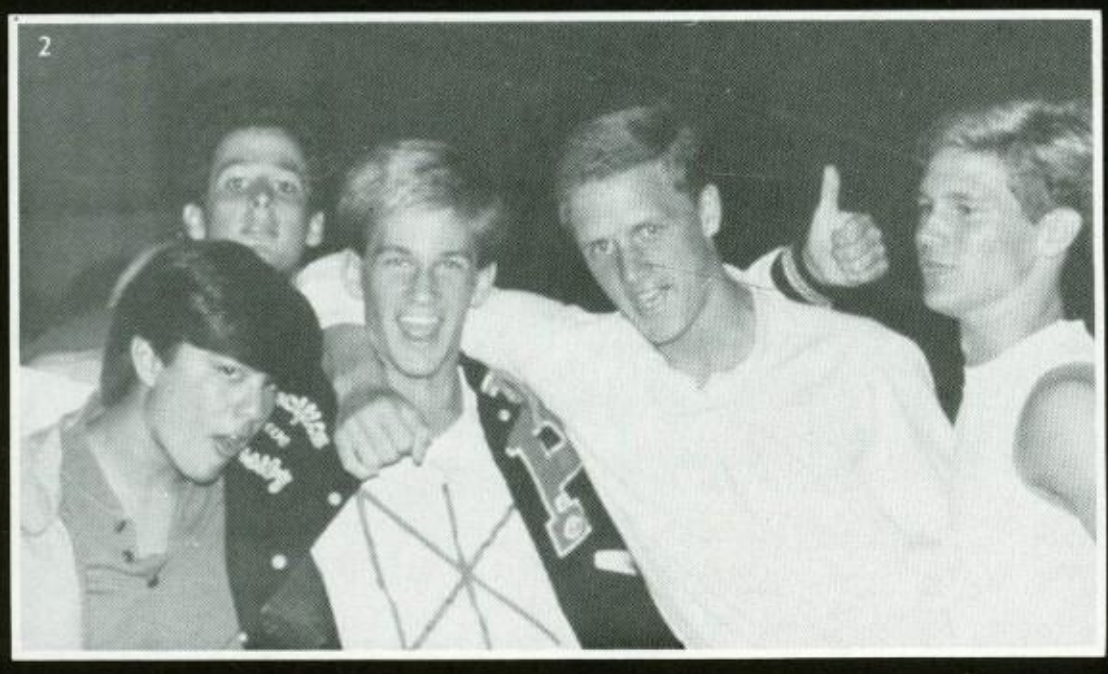
It was the time to placate the supernatural powers controlling the process of nature. In addition, Halloween was thought to be the most favorable time for divinations concerning marriage, luck, health, and death. It was the only day on which the help of the devil was invoked for such purposes.

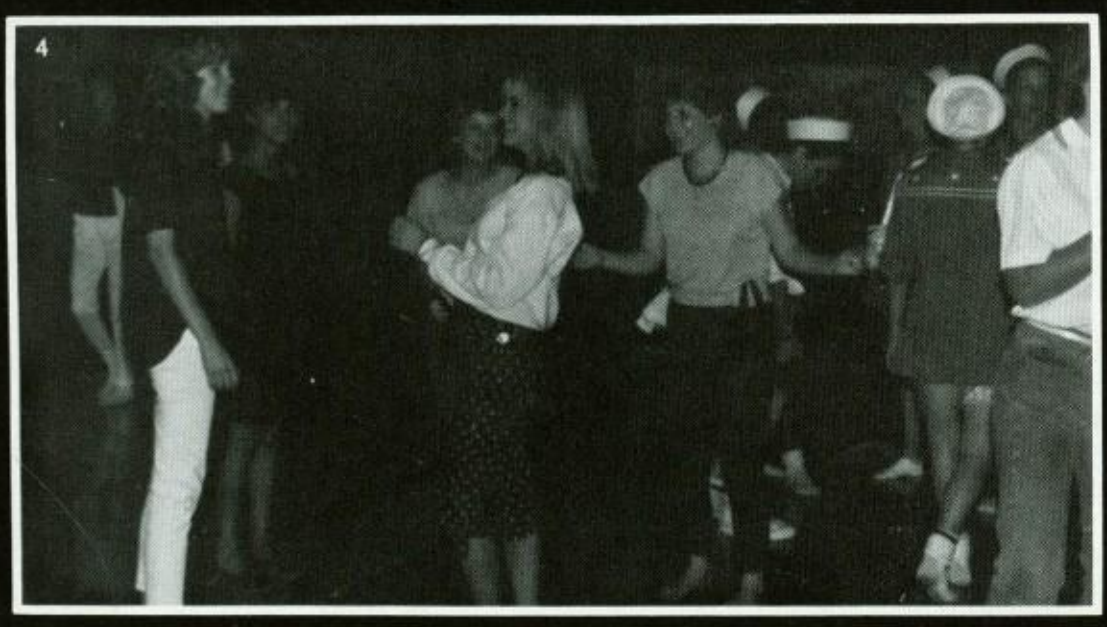
# SHOWING OUR SPIRIT

Pep assemblies were to show your spirit. It is always known that the seniors are to win the spirit contest and more than often they did. Even though the underclassmen give it their best. To an underclassmen pep assemblies were new experiences. There was always some kind of show to entertain. Whether it be a game of some sort or the rah rah's showing their stuff. There was even a couple of outside pep assembly. At the close of each assembly we gladly held up our two fingers and listen to the band play the old grand Alma Mater.

# Dances

Dances are always one of the most fun and memorable parts of the school year. This year there were many more dances than in the years before because ASB added dances after all of the home football games. Many Mariner students attended them and had a great time.





1. Chris Bernert and friends having a good time at the Homecoming dance. 2. Some of the more inhibited guys on campus. 3. A couple enjoying themselves at the Homecoming Dance. 4. Dancing after a Mariner victory.

# LUNCHTIME HAPPENINGS

The lunch bell sounds at Pacifica High School. Hundreds of students swarm out of classrooms and into the quad. From there the crowd spreads out in a number of directions.

Students are given this thirty-five minute free period every day. Most often there is a race to the lunch line. The cafeteria offers a variety of foods. The most popular snacks are usually the sugary "junk food". Some older students hop into their cars and drive to their favorite fast food place. Others prefer to bring a bag lunch to avoid the rush and hassle of buying one. Lunches may be eaten while resting under a tree or walking around. Whatever you do, lunch is a time for eating.

# Christmas Time

"Merry Christmas" and "Happy Holidays" were heard many times at Christmas this year at P.H.S. People always seem to be a little bit more happy and cheerful too. Pacifica students got very much into the spirit of Christmas this year and showed it in many ways. The annual door decoration contest played a big part in the bringing out of Christmas at school. Also, the Holly Grams presented by the Spanish Club, and the decorations around school by ASB were examples of Christmas at Pacifica!

# Grams

## (The Spanish Club)

The Spanish Club is one of the most active and enthusiastic clubs on campus. The goal of the club is to have fun and also to be of service to Pacifica. The Spanish Club is the club that sells grams prior to each school holiday. Spook-O-Grams, holly grams, Valentine grams, and all gram selling money is used for scholarships to graduating seniors at the end of the school year. All seniors are eligible to these scholarships if they have contributed their services to Pacifica and the Spanish Club. Some other fund raising events are the selling of taquitos at the carnival and the selling of heluim balloons that fill the quad in June. The profits from these fund raisers are also used to buy a gift for the school.

Besides fund raising events, the Spanish Club also has many entertaining activities. The club tries each month to plan an enjoyable outing for its members such as the Christmas party, visit to Tijuana, a trip to Palm Springs, and the annual Sand Castle contest. This year at the contest, the Spanish Club took second place in the youth group division. Spanish Club meetings are held in the room of Miss Rumbaugh, our advisor, in B-10 every Tuesday. So make an effort to see us next year!

# Double Exposure

What do you do if you are a super-macho movie star who under a pen name has been writing icky-poo kiddie books on the side, and the exposure of either endeavor will result in the loss of both careers, and the studio head and the publisher both meet on the night you are up for an oscar? Well, if you were Jed Jericho, you and your agent Archie Feldon convince mousy studio messenger Sidney Bascomb to pose as the kiddie-lame-brained-scarlet fiancee Valerie Castle, who reads on the kiddie-book level, fall for Sidney, "her favorite author," while Dolly Holiday the publisher falls for macho Jed, and both careers were suddenly in dark jeopardy as well-meaning Val, who was to announce the oscar winner, thinks it would be cute to name Jed whether he was the winner or not, and-we kid you not, this show was a riotous romp for all the cast members and audience alike. 1. "let's try it again from the top." 2. "What can I ever do?" 3. "Kiss me fool." 4. "There's got to be an explanation." 5. "We have to stop sometime, Jed." 6. Put on hold again. 7. # GREASE

# Is The Word!!

On March 15, 16, and 17, at Don Wash Auditorium at Garden Grove High, Pacifica High School School presented *Grease* to an enthusiastic audience of family members, friends, and students.

The original *Grease* premiered February 14, 1972, at the Eden Theatre in New York City. It ran for 3,338 performances (7 1/2 years) making it onto the list of the top ten longest running Broadway shows ever. In 1978, *Grease* was made into a movie starring John Travolta and Olivia Newton John.

Describing the story-line is easy too: it is a musical set in the 1950's about a group of teenagers who attend Rydell High School. But *Grease* is so much more.

*Grease* is a difficult show to explain. While its content seems simple, it is at the same time complex and its elements contradictory. While it is modest in its aim and makes no pretense at having complicated meanings and messages, it is also an expression, albeit exaggerated at times, about how complex adolescent relationships are and how painful the teen years can be. *Grease* pokes fun at the teen subculture of the Eisenhower years, yet skillfully and sensitively protrays those times and its adolescents, who appeared both innocent and defiantly rebellious. This ambiguity is underlined in the show's characters and the songs they sing: tough and a little jaded, but underneath the leather jackets a true innocent, a mixing of matrixes so bizarre that it's hard to understand why it works. And it does work.

Who likes *Grease?* Most everyone. Again the answer contradicts logic. One would expect the World War II baby-boomers to like *Grease* since it represents the music, styles, and ethics they remember growing up with. But *Grease* has the remarkable ability to transcend all age groups: todays teens love *Grease*, their little brothers and sisters love *Grease*, and even their grandparents love *Grease*.

Perhaps it's futile to try to explain *Grease's* ambiguities. It's much easier to simply accept the fact that *Grease* is "like cool . . . simply made in the shade . . . and a lot of cats dig it the most."

# When I'm

On Feb. 11 Pacifica held its 1984 Co-Ed at the Long Beach Hyatt Edgewater. The balcony outside of the Empire Ballroom gave a spectacular view of the mastfilled Long Beach Marina. "When I'm with you," was chosen as the theme by the Co-Ed Committee headed by Mary Ellen Bodner, Co-Ed Commissioner.

Upon entering the Empire Ballroom, the couples were given souvenir gifts. The guys received garters, and the girls received crystal heart pendants and silk roses. The ballroom itself was decorated with red and white tableclothes and flower arrangements at each table.

To the delight of everyone, the band "Scandal" played a large number of slow tunes, around one for every two dance songs.

The band played their last song at midnight, and with that everybody departed to continue the night's festivities.

# BE MY VALENTINE

1

Although the true identity of St. Valentine still remains a mystery, it's no secret how friends and lovers the world over celebrate February 14, St. Valentines Day. For centuries, loved ones have used this amorous occasion to show each other how much they care by exchanging everything from cards to diamonds. Pacifica High students show their affection towards each other by sending valegrams, a carnation, and candy. Sponsored by our own Spanish club. Some students even might buy more personalized gifts like stuff animals or roses. The true affections of people come out on this much celebrated holiday. (1) True love starts young. (2) The perfect gift for the perfect valentine. (3) mmmmm, can we try that again? (4) Farewell to all. (5) The Spanish club at work again. (6) Of course I care. (7) It's a deal at any price.

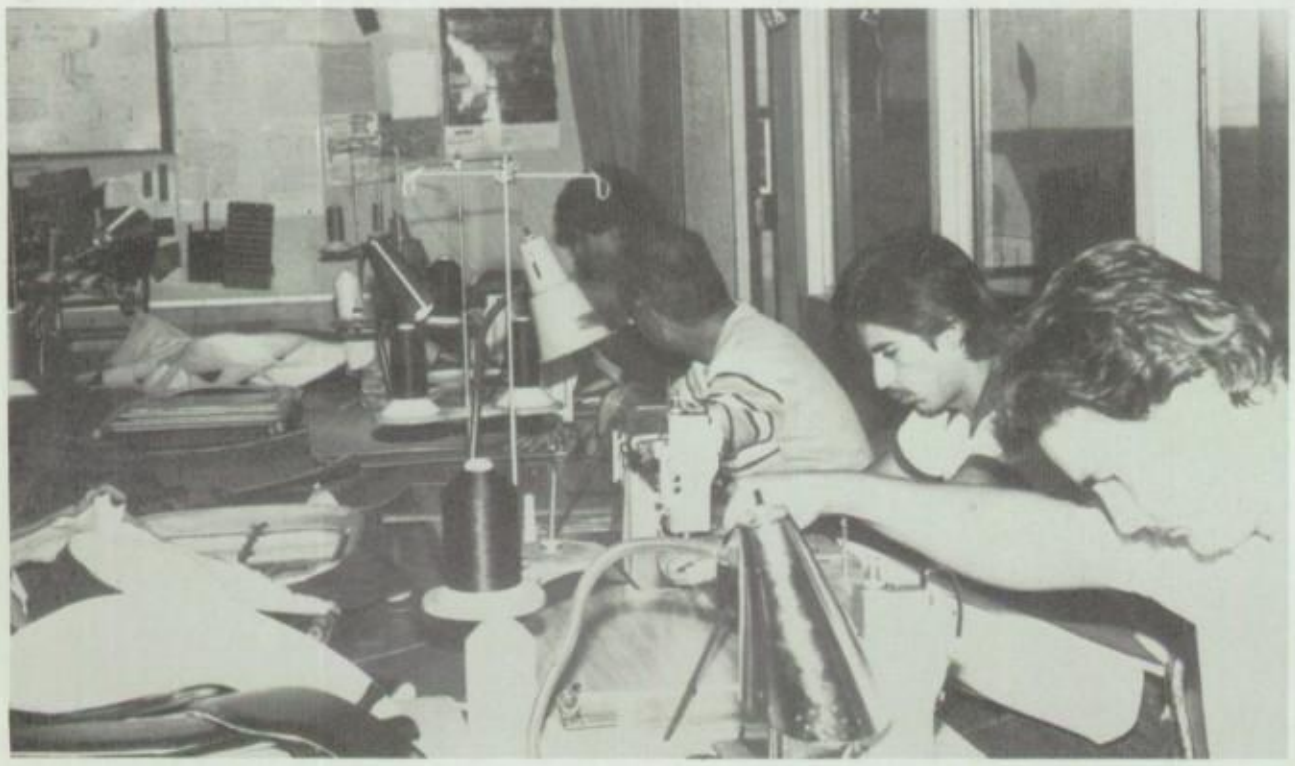
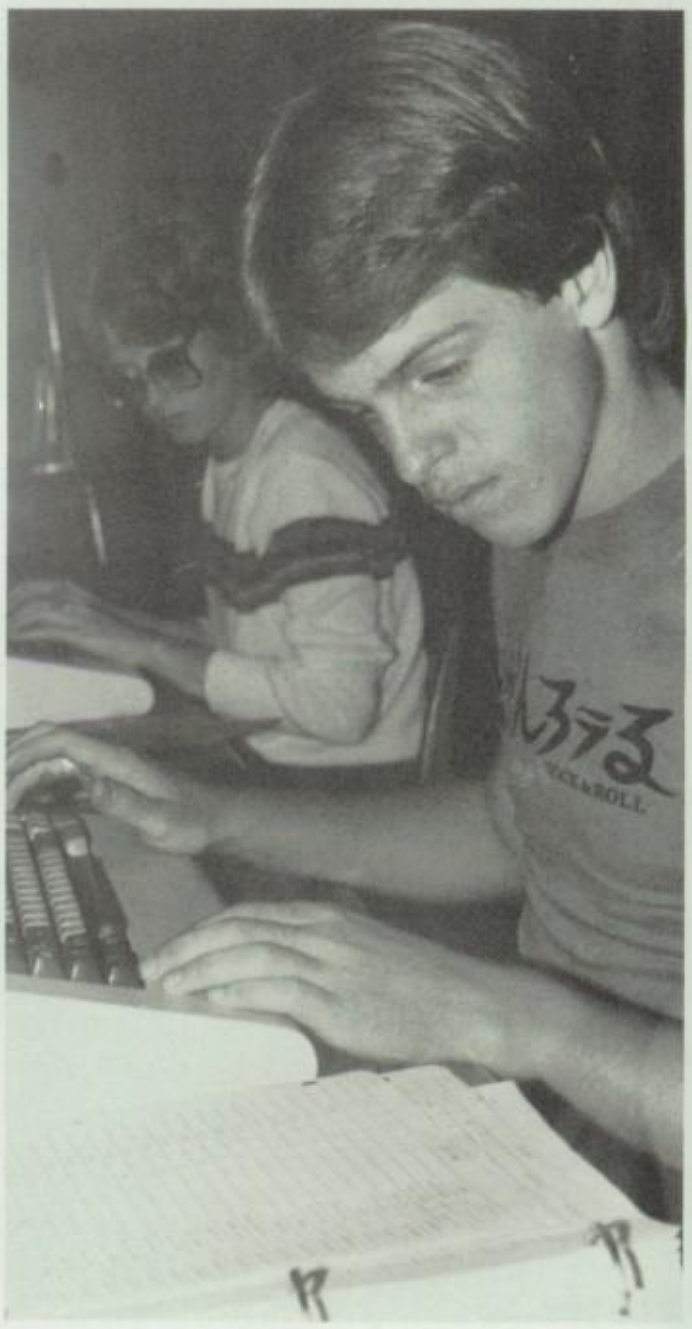
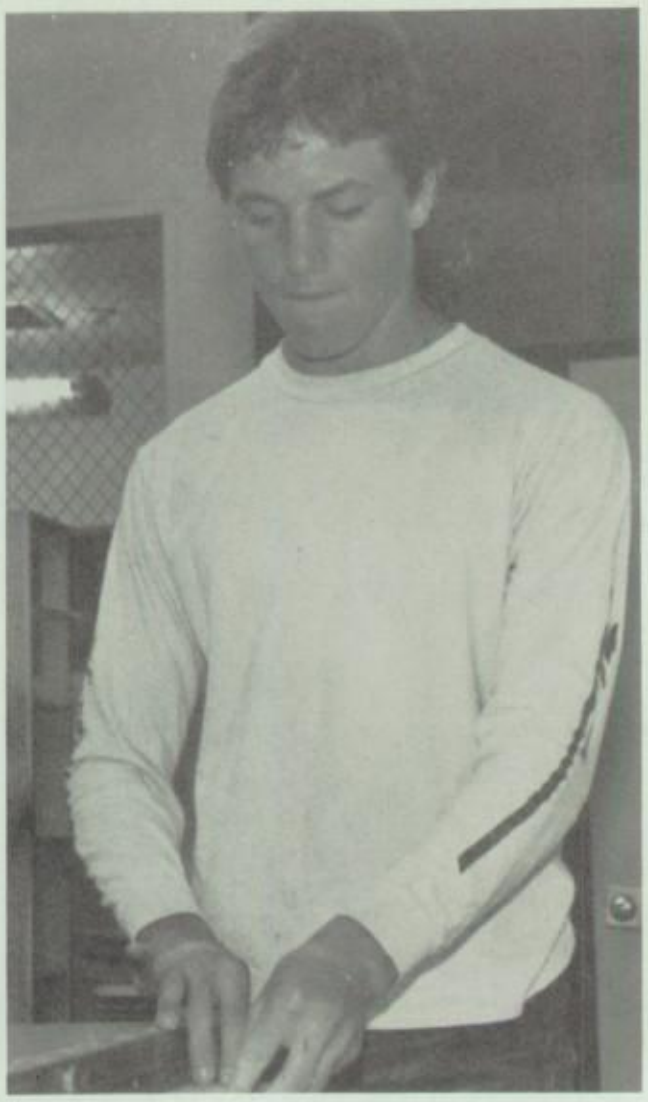
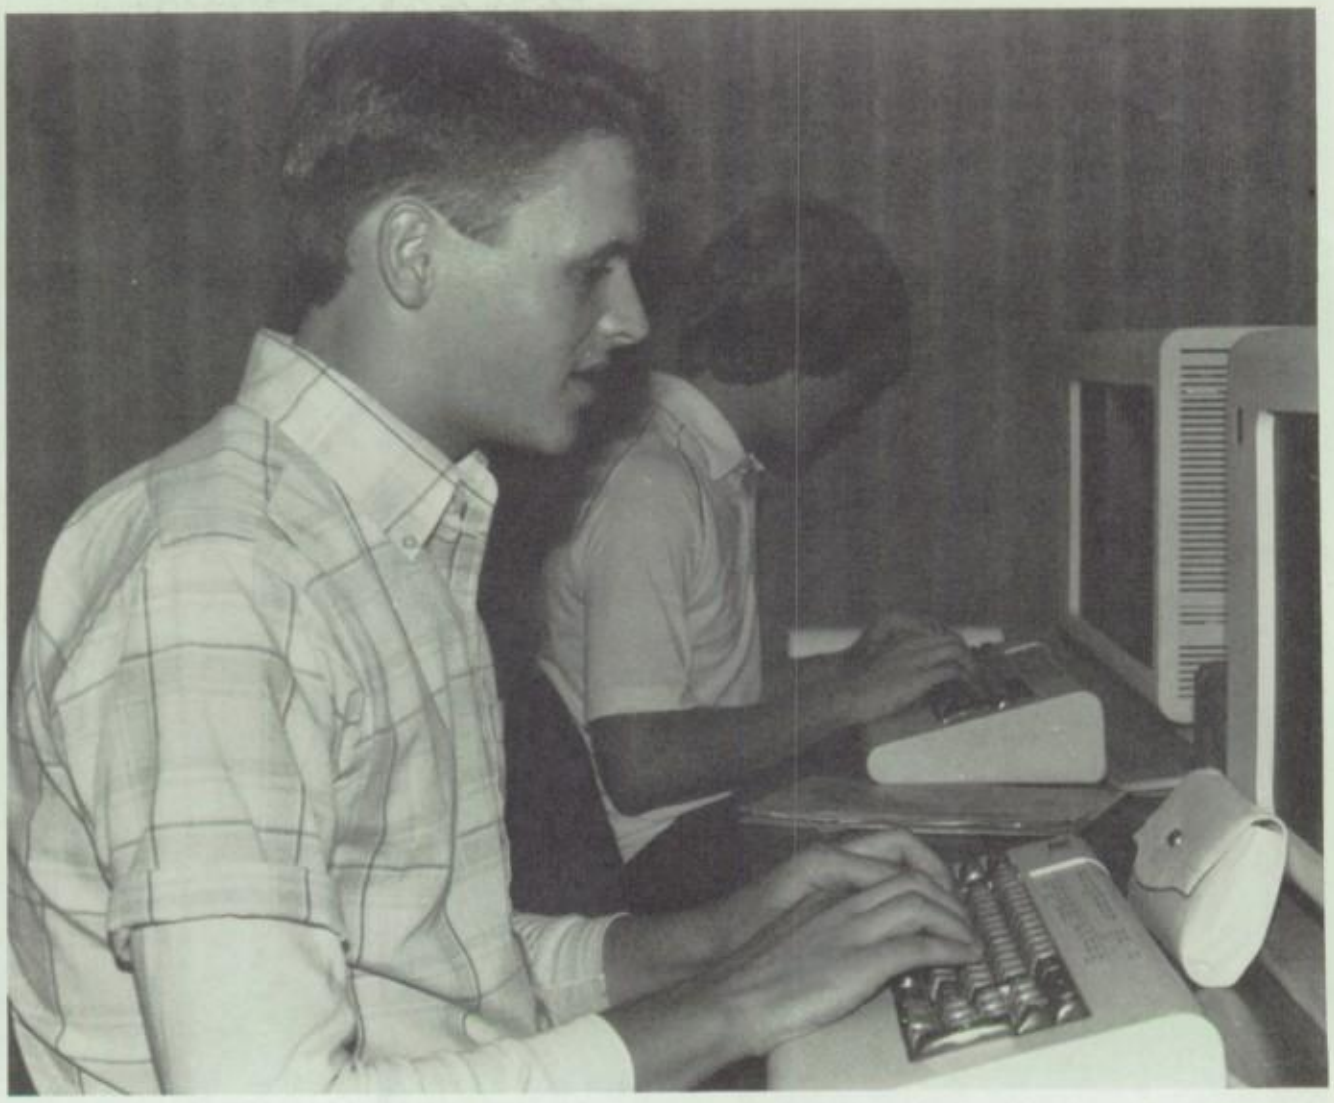
# ROP

The central County Regional Occupation Program (CCROP) was established in order to increase the opportunities for occupational training for high school students and adults alike. ROP classes are conducted by teachers "from the trade" in community sites such as stores, hospitals and manufacturing plants, as well as in selected school facilities. Students of all abilities and experience levels, beginning and advanced, earn certification, credits and grades for graduation while learning skills for employment careers. The ROP program has three goals. One goal is for the student to attain entry-level or up-grading employment skills, thereby enabling them to become or remain productive members of Society. Another goal is to give assistance to students in making a meaningful career choice. The final goal is to reduce the high youth unemployment rate by providing each student who completes a training program with job placement services.









Students show us the different classes that ROP offer. ROP offers such courses as manucuring, auto body work, computering, carpentering, and hair styling are just a few. The advisor Mrs. Marcovitch is always glad to assist you in enrolling in a class.

# Nightlife

When PHS students get out of school for the day, there's a variety of different things they might do. Some students might get something to eat, change clothes and go to a friends house. Some might go to a park somewhere and meet some friends and sit and talk. Then there will be students who might just sit home and watch t.v. and do their homework or go to work. It all depends on the person and what they like to do. On weekends students usually go to parties, go to the movies, or out on a date. Students go to parties to listen to bands play, talk to their friends, or to scam. For students Saturdays & Sundays aren't days to rest. PHS student do just about everything they can in those two days, for they know it's back to school on Monday for another agonizing week of school. The weekends seem to be the fastest two days there are. 1. An old favorite place for the weekend. 2. You could always go visit Chuck E. 3. When all else failed through, there was bowling. 4. This busy worker finds time to pose for a picture. 5. The Westminster Mall, a favorite place to shop and kill time. 6. You could spend hours of your time and hard earned money at the Sega Center, and still not get high score. 7. This student was more than willing to take a break to pose. 8. Some students just put all their effort into their work. 9. A place students went for relaxing, surfing, and working on a tan. 10. There was always someone who will leisure their time away.

# Leaders Behind The Scene

As we all know, school is a place we go to learn and to prepare ourselves for future goals. So it is obvious that school is not like an amusement park or a party. Luckily for us, however, there is a special group of people on campus that try to make school more interesting for everyone by providing school activities for anyone who wishes to participate in them.

These people organize many fun lunchtime activities such as the class feud, pep assemblies, and the Mr. Spirit contest. They also organize night-time activities such as the dances and homecoming. In addition to all the activities they plan, they also support the clubs, sports, and pep squads on campus.

Without this group of hard-working and devoted people, we students wouldn't have announcements in the morning or activities during lunch. We wouldn't have dress-up days, dances, clubs, games, or many other things that go on around us that we take for granted. So who is this group of people who practically run the whole school? Well, if you don't know already, they are the members of ASB. Although sometimes their efforts go unnoticed, Pacifica wouldn't be nearly as interesting without their hard work and dedication.

ASB members are as follows: Front row: Kristin Culwell, Pauline Benoun, Lauren Gibbs, Carmen Dett, Heidi Berner, Raquel Krouse, Lori Cooper, Lea Behringer, Kelly Grimm, Lisa Fraijo Back row: Kim Cusimano, Amy Acterman, Ericka Grimmes, Jeff Hopkins, Mary Ellen Bodnar, Moses Kim, Suez Meyers, Brad Dickey, Karen Goldsbrough, Lisa Ernst, Becki Flatten

# Pacifica's Choir Makes The Music Come Alive

The Pacifica High School vocal music program is a very important student organization on campus which introduces students to fine choral music and provides them with worthwhile and memorable experiences through a wide variety of performances.

All of the choral groups, under the direction of Mr. Ton Ringland, have had many performances scheduled during the year. A few of the choirs' performances this season include the Palm Springs, Aerial Gramway Lodge, Disneyland candlelight processional, Park Newport Carolfest, Garden Grove Elks Lodge, and Valley View Royale. The major concerts presented each year are the winter concert, spring concert, and the Pop Show.

The choral groups have several fund raisers each year, the proceeds of which are used for field trip transportation, student financial assistance, new musical equipment, art and stationery supplies and various printing costs.

Choral members also participate in school functions such as Pacifica's Broadway musical productions, the all school carnival and other inter-club activities. Recently, the choral members attended the taping of the game show, "Child's Play" at C.B.S. Studios in L.A.

Being a member of a choral organization can be an extremely rewarding and satisfying experience. To reach their goals as musicians they must believe in themselves and their potentials. Pacifica's vocal music students take pride in their choral music program and in the unique experiences which they share together.

# The Reef Staff

Being on Yearbook Staff, "Wow, what a lot of fun", but really it is a class that calls for much dedication and hard work. Everytime a deadline comes around, togetherness and cooperation must take place. This year that is just what took place. With the help of Mary Ann Thompson, "The Reef" Staff's Advisor, we have all worked together to make the best book that we possibly could. The hard workers of the Yearbook Staff were Loretta Kolenda and Greg Pate, the editors. Philip Kumai, Judina Amaral, and Noelle Dimarco did a fine job on the Senior Section. Jennifer Bena, and Lei Lei Wang worked fine together on the Spirit Section. For her first year, Dee Dee Jones did a wonderful job on the Freshman Section. Maureen Berens and Dawn Thum worked very hard on Homecoming and other Student Life Sections. Dawn Portscheller put many long hard hours working on the Junior Section, Art/Literature Sections, besides doing the division pages and the cover. Stacey Carson, Kim Cusimano, and Ruth Deacon went out and got the job done on the sports Sections. Doing a wonderful job on the Faculty section was Lisa Wallen. Keeping the books in order while never losing his cool, was Sammy Lee. Much thanks goes to our "Reef Staff" photographers, David Darwin, Phil Weiner, Jason Marshall, Jamie Martin, Kent Robbins, and Mike Thompson, coming through with pictures just in the nick of time. At times we felt like everything was coming at us all at once, but it was all well worth it. Now we give to you the 1984 Pacifica High School Yearbook!

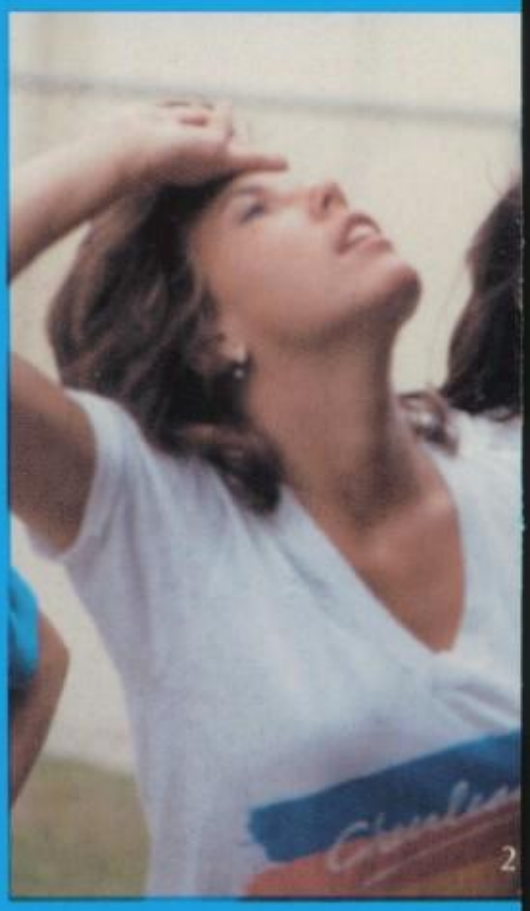
ESCAPEE FROM



Being a cheerleader is every little girl's dream, but ask any of the varsity cheerleaders on campus and they'll tell you it's not all fun and glamour. A lot of hard work, time, and money are needed to make a good squad.

Before school even started for the other students, the varsity song and yell have already spent half of their summer vacation at school practicing. After school started they were kept busy with more practices, games, pep assemblies, and competitions. This year Varsity yell won first place in the national championships.

Despite of all the hard work they put in, all sixteen girls agree that cheerleading is an experience they wouldn't want to miss out on. Sometimes when their voices were hoarse and their muscles were sore, being a cheerleader didn't seem all that fun, but when the crowd began cheering along raising the spirit high, the Mariner varsity song and yell realized how proud they were to keep the Pacifica spirit high.

# DRILL TEAM CATCHES YOUR "ATTENTION"!

Who are the girls practicing at 6:30 in the morning? Who are the girls with curlers in their hair? Who are the girls that work so hard? You're right, they're the Pacifica Marinette Drill Team! Dedication and the ability to work well with others are essential qualities for these girls. Their year in drill team begins way before school even starts. Led by their energetic captain Cindy Woirhaye and confident co-captain Kelly Wheadon, they began practice early in July on their routine for USA Camp in Santa Barbara. They did exceptionally well there receiving a superior ribbon, the spirit stick, and an overall superior rating. The drill team has participated in numerous competitions and parades throughout the year and did excellent as usual. Because they didn't have a band director at the beginning of the year, they got a slow start on their field show. That didn't stop these girls. They put in many, many hours before and after school all year long to keep up Pacifica's tradition of excellence. This they did. Cindy and Kelly and the girls have devoted so much time and effort to drill team and it wasn't always easy, but if you ask any girl on this drill team if it was all worth it, they'll answer "yes!" with a great big sailor smile. Drill Team, Pacifica is proud of you!!

## *EXPERIENCE*

We must live through the weary winter,
If we would value spring.
And the woods must be cold and silent,
Before the robins sing.

The flowers must be buried in darkness,
Before they can bud and bloom.
And the sweetest and warmest sunshine,
Comes after the storm and gloom.

So the heart, from the hardest trial,
Gains the purest joy of all.
And from the lips that have tasted sadness,
The sweetest songs will fall.

For as peace comes after suffering,
And love is a reward of pain,
So, after earth comes heaven,
And out of our loss, the gain.

Theresa Pompa, 12

*FEELINGS FOR YOU*

I saw someone resembling you
And it made me shed a tear
For it caused me to remember
All the memories that I fear

I understand you, had to go
You felt it wasn't right
But deep inside my love for you
Still shines within me bright

I keep it hidden and tucked away
To hide from all the pain
I keep it inside, its existance denied,
But my feelings still remain

Should you return before they die
I'll hide from you no more
I'll reveal to you, the love I feel
You're what I'm waiting for

*LIFE*

One is all,
None to spare,
Troubles and worries,
All for your care,

Funtimes and happiness,
Kept for your keeping.
Give to no one,
Not even the weeping.

Laughter and smiles,
Are passed in the crowd.
No one will hear you,
So do it out loud.

Giving and receiving,
Done by only a few.
Treasured and remembered,
Especially by you.

Love and despair,
Make life what it is.
It brings us together,
Changing its pattern,
Much like the weather.
Sometimes it pours,
But when it shines,
It opens the doors.

Smile I say,
Life is not bad.
Just remember the goodtimes,
Not the sad!

## *MY WISH*

I have a wish that
I hold in my heart
I have a wish that
Tears me apart
I await its beginning
And find only an end
I await its beginning
As my teardrops descend
I reach out to grasp it
But nothing is there
I reach out to grasp it
As I'm chilled with despair
My wish fades away
As reality creeps in
My wish fades away
It shall come back again

# Varsity Football Gets Eleventh Championship

The 18th edition of Varsity Football at Pacifica High School carried on the rich tradition by capturing it's eleventh league championship. The season was highlighted by back to back victories over C.I.F. ranked teams, El Dorado and the Fighting Irish from Kennedy.

The Mariners entered the C.I.F. play-offs as the third seeded team and suffered a surprising defeat at the hands of Mission Viejo in the opening round.

Many players were responsible for the Mariner success as evident by the fact that twelve members were selected on the All Empire Team. They were: (First team) Callen Chase, Jeff Carlson, Eric Van Zanten, Rod Reed, David Bradley, Billy Hardesty and Chuck Leitao; (Second team) Roy Foster, Mitch Johnson and Bob Collins. Mike Blake was selected as Defensive Back Player of the Year.

# Waterpolo Shows Great Improvement

The 1983 Edition of the PHS Waterpolo Team showed a continued promise of things to come. While not having a successful season with regards to won-lost records, you must remember that this is only the 2nd year for Waterpolo at PHS since 1978. It's very difficult to be competitive in a sport where the players have participated only 2 years. It usually takes 4 to 5 years to establish a team that can be competitive. The Frosh/Soph and Varsity teams have shown great improvement this year. The Varsity was led by Jason Scheurer who was selected to the honorable mention All-Empire League Roster. In addition to the returning Letterman, next year's Varsity will be comprised of a group of players from the Frosh/Soph team which had an exceptional year. With the exception of 2 teams, the Frosh/Soph lost all their league games by only 1 goal. A promising future is in store for PHS Waterpolo.

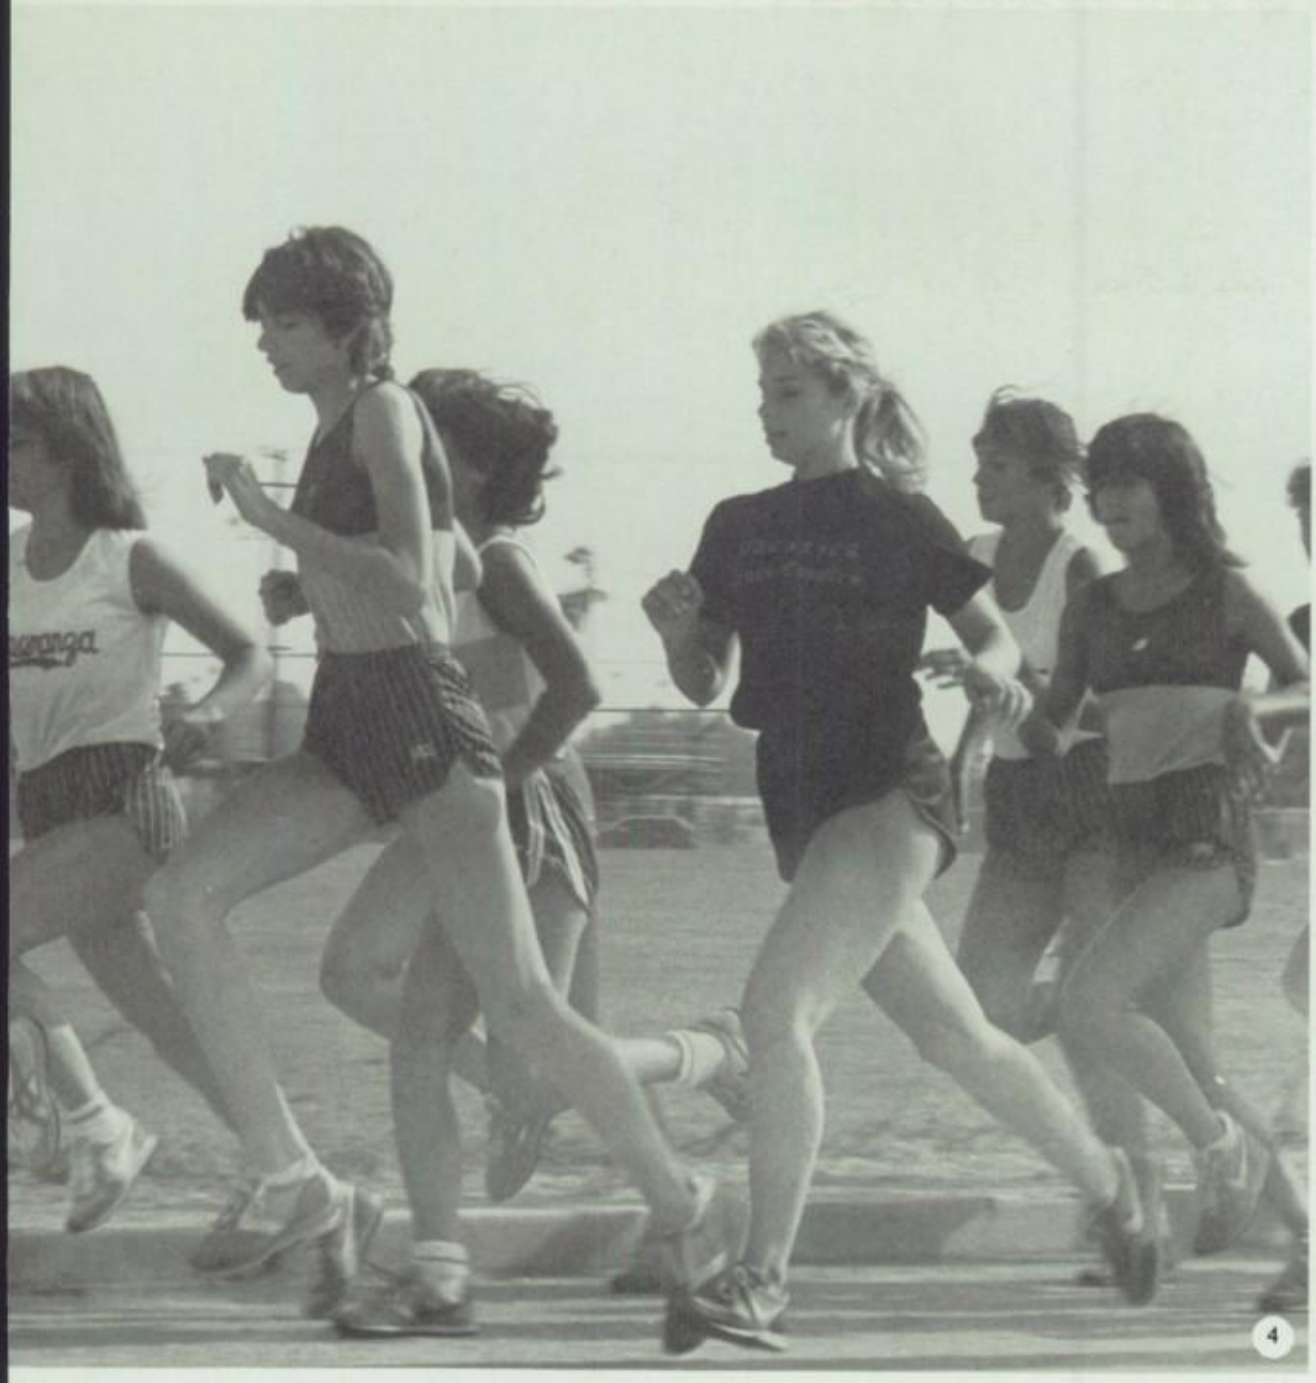
# Cross Country . . . A Sport For The Brave

CROSS COUNTRY
Gaynell Edgmon, Wendy Mc Phearson, Dinah Burgos, Carol Wada, Maria Spinosa, Michelle Jones, Evette Collins, Georgia Gardiner



Autumn is the season of football when a thousand high school students scream and cheer their heads off in a stadium exploding with bands and cheerleaders. Autumn is also the season of another sport, the lonely sport, the thing they call cross country.

What is cross country? Many people have no idea what it is. To a cross country runner it is leg cramps, scarred lungs, blisters, and dry heaves. To the runners, cross country is pain. The cross country runner runs until his stomach is turning with nausea. He runs until his chest is on fire and there's a hornets nest in his head. He runs until his legs weigh 500 pounds each and his eyes sting. He runs until he has the blind staggers and wonders why he ever answered the starter's gun. He runs until all of this happens, and then he runs some more.

Why do we run? I don't know. Maybe we're just plain crazy. We get no rewards, no applause, and no cheers. The only spectators cross country runners get are startled squirrels and birds and a frightened gopher or two that watch us curiously as we run through the course.

The course is nothing to cheer about either. The cross country runner's "football stadium" is a dirt trail that fills your lungs with dust. It's a plowed field with hidden potholes. It's an uphill that goes on forever. Then comes the downhill where you lose all control. It's full of practically every ankle spraining, pain jerking, bone breaking obstacle you can think of.

Cross country is definitely not for everyone. Some say that it's for the insane. Others say it's for the brave. Whoever it may be for, it's certainly not for those who seek rewards. The only reward cross country runners get is the feeling at the end of a race when they have done well. The feeling that they have accomplished something that many could never do. It's a kind of feeling that goes deep inside into your very soul. The kind of soul that only runners have.

# . . . And Still Further

No foot dragging or muscle flabbing could have been found on this year's track team. The large turnout of talented track athletes including returning lettermen, showed considerable competitiveness against opponents. The squad demonstrated a keen sense of strength under unusual pressure. They trained continuously for each event to get them perfected. Coach Pruter and associates worked the athletes hard, but were rewarded with a successful season.

After finishing with a tie for second in league last year, Pacifica's badminton team had a tough record to live up to this season. Although about half of the team was composed of first-year players, the remainders such as Robin Clair, Heather Lies, Kim Maddox and Ding Rivera were well-experienced, and provided the skill and talent that Pacifica needed during this rebuilding year. All the players had the competitive team spirit, and will remember this as a really fun year.

As a sophomore, Ding Rivera won the 1983 CIF Badminton Championship for boys singles, the first time an individual athlete has won any CIF championship title for Pacifica. His speed and moves can only be described as awesome. As a junior and senior, Ding hopes to keep the title, and we wish him luck.

# Girls Swing To Conquer

This year the Girls Varsity and J.V. team had a good season. Though they didn't win as many as they would have liked to, they did gave it their all. We're all very proud of every individual girl that participated in tennis this season. I would also like to commend the girls on their attitudes and politeness toward the other girls on the other team. Our girls have a reputation of being the nicest ones in the league and this year was no exception. The season was a lot of fun and that's what it should be. We did have a few minor problems but I would say that hopefully we took care of them. The J.V. team was not strongly established until three weeks into the season. There was a lot of fluctuating from J.V. to Varsity during the year. It was fierce competition! I would just like to mention the awarded winners for this year. On the Varsity team Courtnney Matsuda received Most Valuable for singles. Debbi Meyer and Tien Do also received Most Valuable for doubles. And last but not least Yvette Verastegni received Most Improved. On J.V. Kelly Grim and Sheri Heagle received Most Valuable. Good job girls. I hope we see you next year.

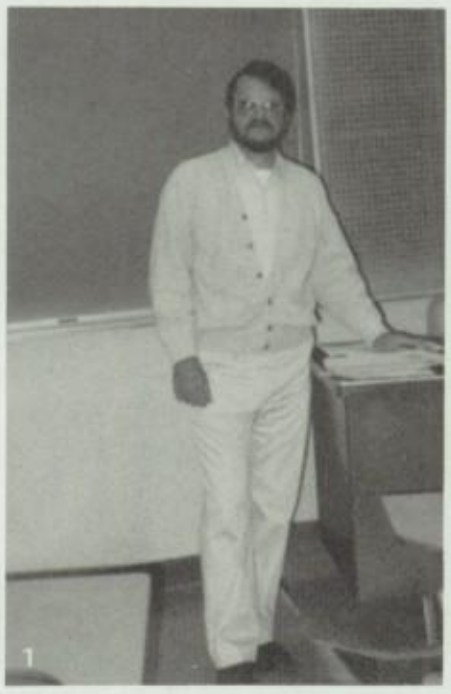
# Mathematics! Geometry! Algebra! Trigonometry!



Mr. Neumann, spelled with two "n's" at the end and one "u" in the middle, is a math teacher at Pacifica High School. This year, he teaches Algebra I, Algebra II, Trigonometry, and Calculus.

Mr. Neumann was born in Willard, Ohio. He grew up with a brother and a sister, and there he attended Willard High School. He attended Ohio Northern University after high school, and he was a math major and a physics minor. There he received his Bachelor of Science Degree in mathematics. Later, he went to the University of Oregon and received his Master of Science degree in Mathematics.

Mr. Neumann has been teaching since 1961. He taught a half year of science in a junior high school, and he has been teaching in high school ever since. He started teaching at Pacifica in 1969. He was teaching in a college a few years ago, but he quit that job. Other than teaching, he was once a mailman and a painter.

Now Mr. Neumann lives with his wife, Jean, in Garden Grove. He has three children. The oldest is his son Jeff, who is twenty two. He attends Cal State Fullerton, and is an art illustration major and a computer minor. His daughter Jan is the middle child at twenty. She attends Cal State Long Beach and is a French and journalism major. The youngest is his son Scott, who is fifteen and attends Garden Grove High School.

Mr. Neumann's hobbies are wood working, camping, bicycling, and reading. One of his favorite authors is James Michener. Mr. Neumann goes camping about once a month. In fact, Mr. Neumann is one of the few people in the world who has visited all fifty states.

# Wood Shop! Metal Shop! Auto Shop! Drafting! Electronics! Illustration!

Every year we end up with a teacher we hate and a teacher we look forward to seeing each day. I was fortunate enough to get one teacher that I really like. In fact everyone likes him. That teacher is Mr. Buddle

Mr. Buddle has been the Drafting One, Two and Three and Technical Illustration teacher at Pacifica for all the nineteen years it has been open. In fact, Mr. Buddle still has the original name that he wrote on the chalkboard nineteen years ago. It says MR. BUDDLE D-12, in big chalk letters. He says he darkens it in again every six years.

Aside from being an excellent teacher, Mr. Buddle is also an excellent photographer. He is a professional and is his own boss. He only does this in his spare time and during vacations. I have seen some of his work, and take my word for it, he is very talented.

Mr. Buddle makes up strange rhymes. He uses them to "con" people into taking his classes. Some of his more famous ones are: "Drafting One sure is fun; Drafting Two is for you; Drafting Three is for thee" and one more is "Technical Illustration is the class of inspiration".

Yes, Mr. Buddle is truly one of a kind!

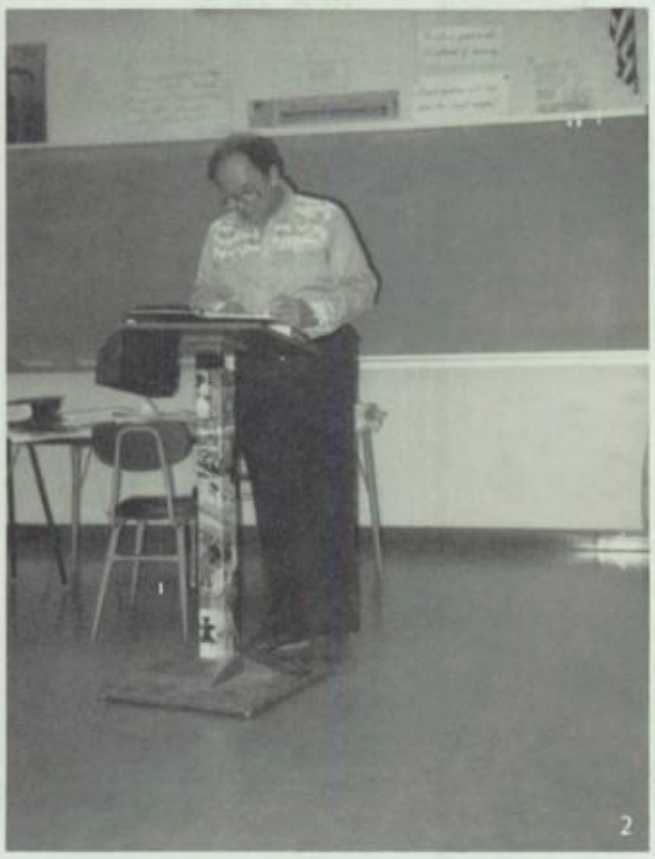
# Spanish! French! German!



Yes, it is true. Teachers do exist outside of school. They do normal things just like other people. Traveling to foreign countries, reading an exciting book, cooking different dishes and of course, eating them, too. These are the favorite things that Mr. Neiman, our Spanish teacher likes to do in his spare time.

Not limiting himself to just Spanish, Mr. Neiman also knows French and Yiddish.

Originally from New York and graduating from a Brooklyn college, Mr. Neiman has been teaching for twenty-four years. He has been a teacher at Pacifica off and on for fourteen years.

"I love Pacifica. That is why I am Junior Class Advisor." says Mr. Neiman. "I really wish more people would get involved."

# Social Studies! Teen-N-Law! U.S. History! Geography! Civics!

"Oh, I love Pacifica. I think Pacifica is academically one of the best schools and getting better" says Mr. Mike Kelishes. Mr. Kelishes has been at Pacifica for sixteen years and is teaching U.S. History and World History this semester. In the past he has has taught drama, speech, and english.

Mike Kelishes attended Cal State Long Beach, Chapman College and California State University at Dominguez Hills. "I have a B.A. in History, with a minor in Drama, and a M.A. in Humanities."

While attending high school, the "School of Hard Knocks," Mr. Kelishes calls it, he was in a band called The Rumblers Band. He played the guitar.

"Although I have a strong background in rock-n-roll, I listen to everything from progressive jazz to classical music," states Mr. Kelishes. His favorite female vocalist is Olivia Newton-John and Richard Chamberlin and Cathrine Deneave are his favorite actor and actress. "I like movies that have fewer than two cars in them," replies Mike.

Age Thirty-Seven, Mr. Kelishes lives with his wife, Cheryl, and their two children, Chritopher, age six, and Alexandra, age three. When asked what he likes to do for hobbies he replied "I love to cook and chase pretty girls in the woods."

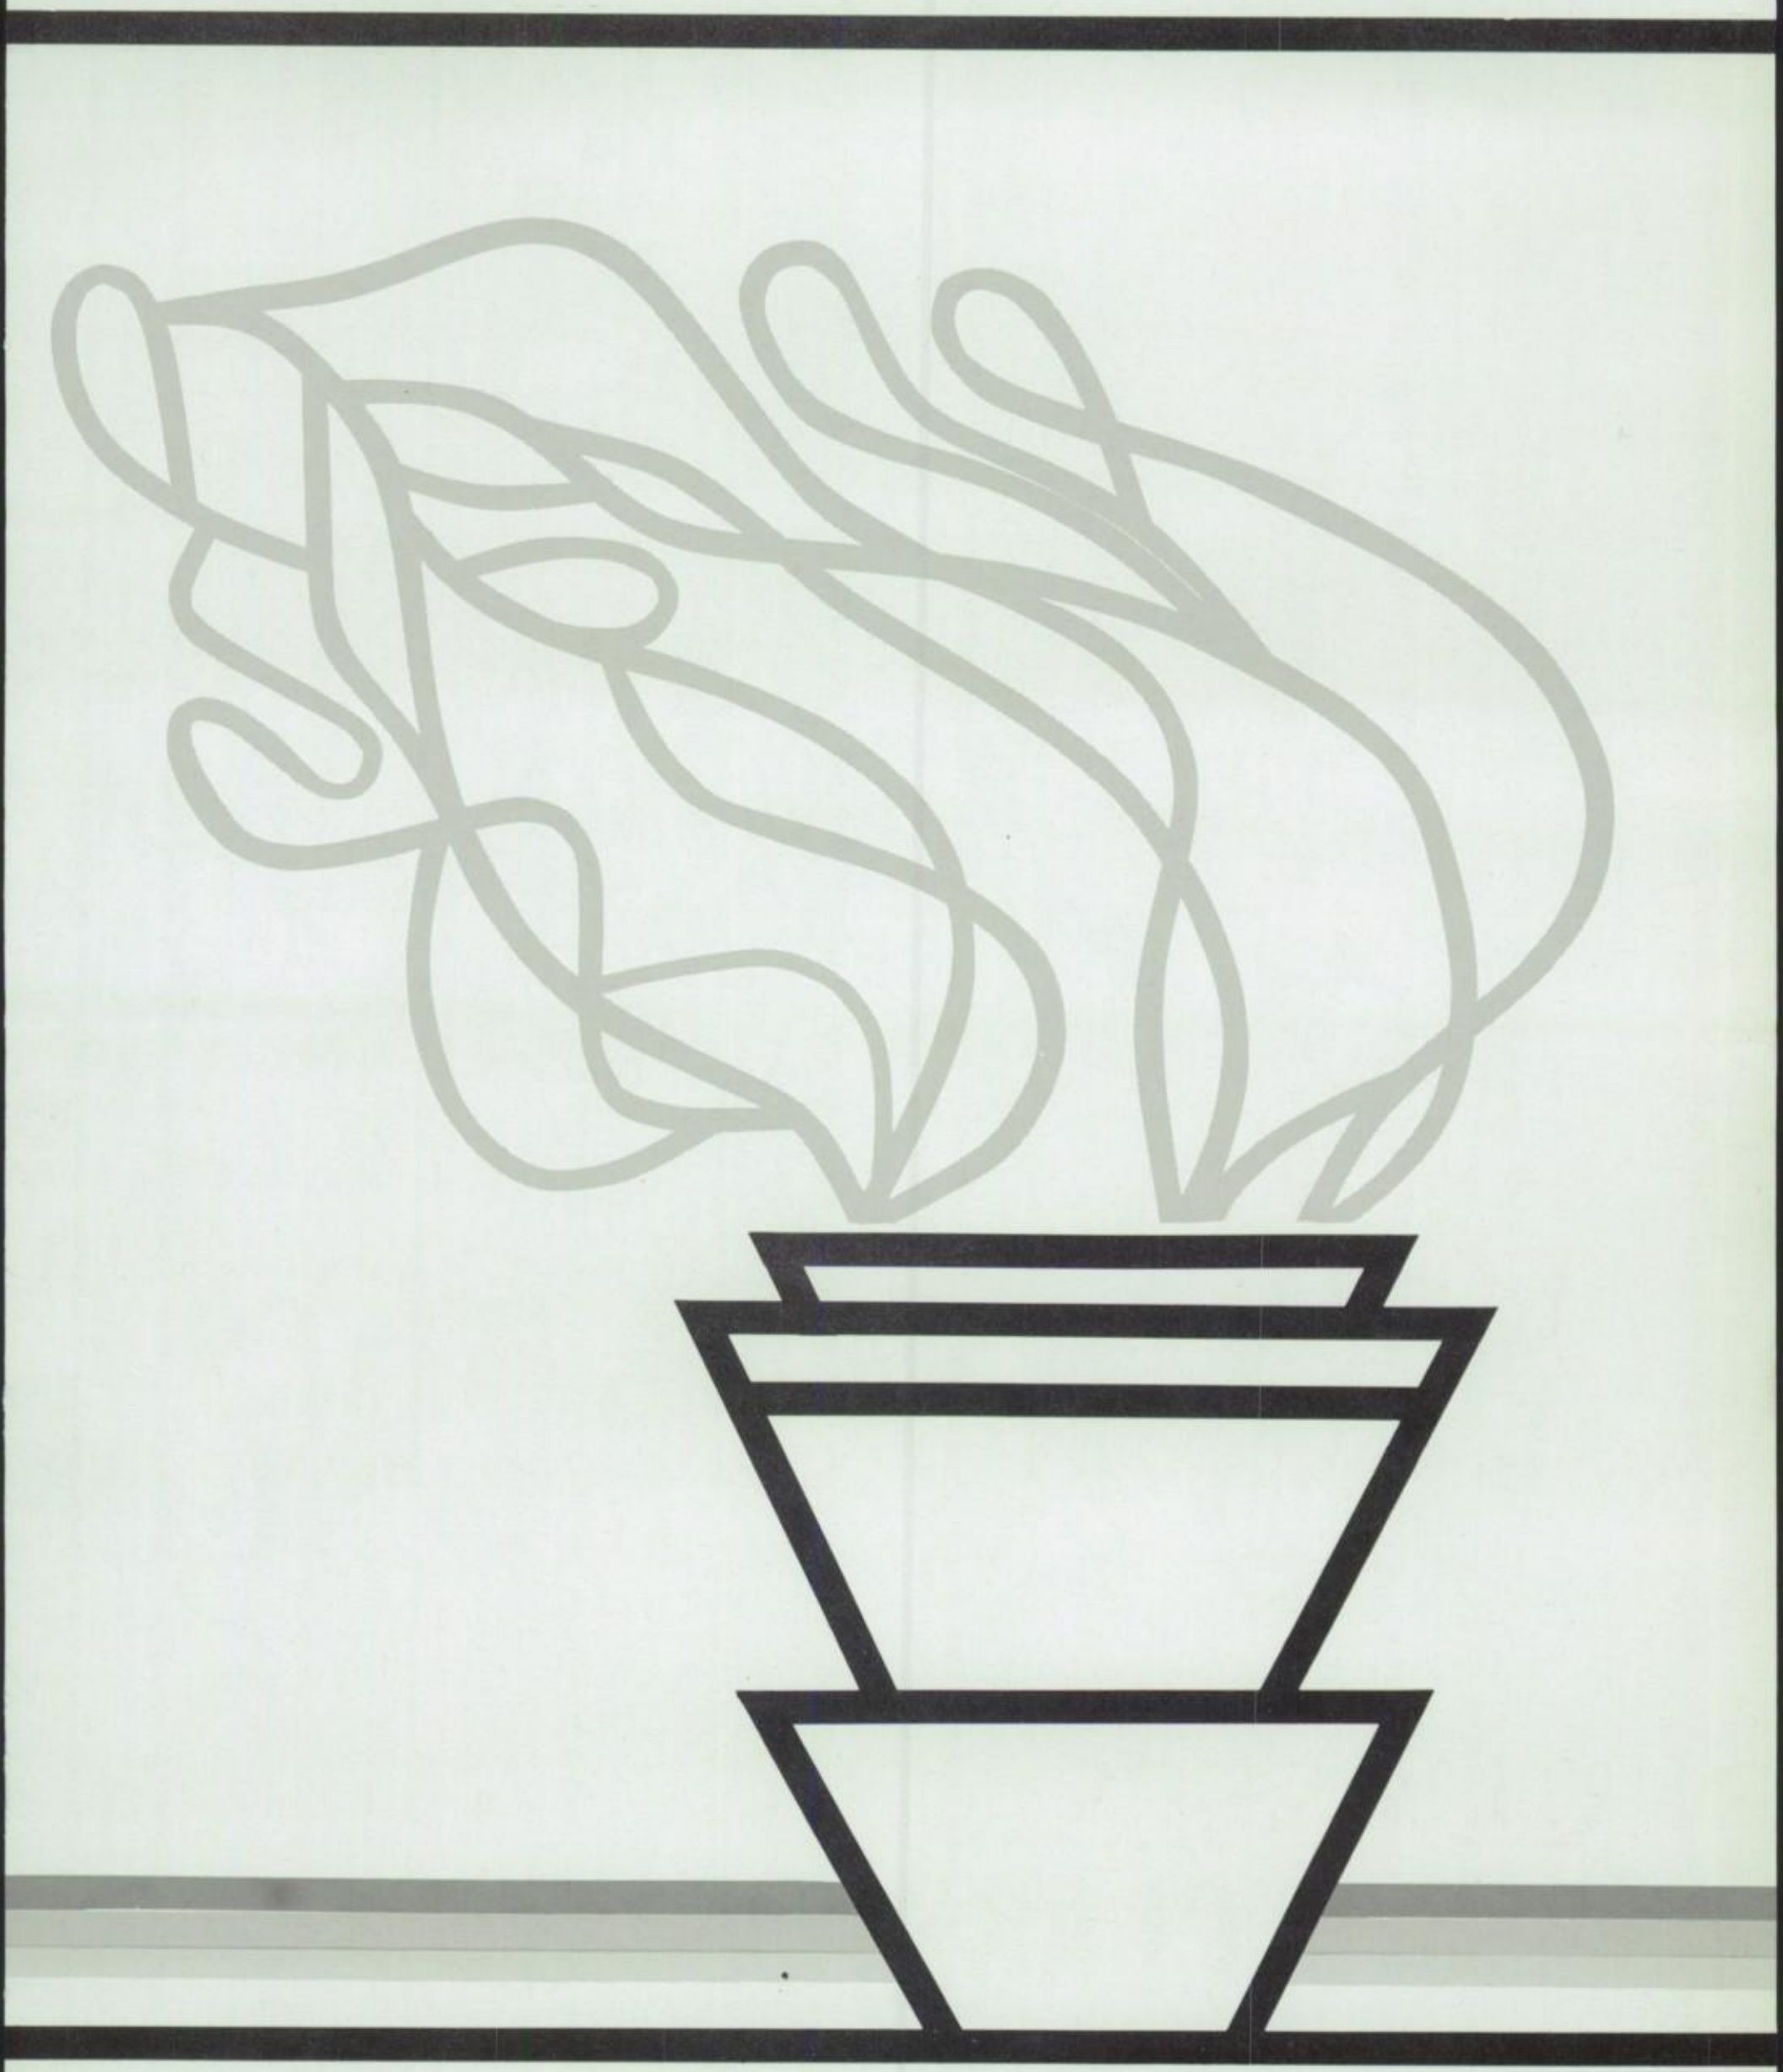
# CLASSES



# CLASS OF '84

# Seniors

Since the class of 1984 first began their educational journey through high school, they have both seen and been an integral part of the transitional phrase Pacifica has endured. The Senior Class has witnessed the school change from a three year school to a four year school, the necessity to have a five class minimum, more graduation requirements, and all the sports teams winning Empire League titles in various catagories, not to mention a National Championship in Cheerleading. Above all, the Seniors at Pacifica have witnessed each other move into maturity, a result of the goals and dreams being made for the future. For some, these dreams and goals involve going to college. Yet others will start working or join the armed forces. Whatever they choose, their goals will Light the Way in the world outside of high school.

# Going All Out

Pacifica High School Mariners are very energetic, imaginative, and are filled with good spirits. They seem to join many activities and clubs, such as the Spanish Club, Key Club, Math Club and California Scholastic Federation.

Mariners are always enthusiastic about after school sports. They know what it takes to win. When you see them on the field, you'll notice that there are always smiles on their faces, because their spirits are so high. A victory means a lot to them because it proves that they worked hard and earned it.

In assemblies, the gym is always packed with students, because they know the events do not happen very often. If students take the time to attend, the memories will last a lifetime. When the spirit jug is opened at the end of the assembly, you know that the ground and the walls of the building will shake, because of the spirit the students have. That's what made us one of the most active, fun and enjoyable schools in the district.

Whether you're in sports, clubs, or attend assemblies, you know that you are a part of a school that has spirit, pride and dignity. You are one of the few, the proud, The Pacifica Mariners.

# A Look Inside Your Journalism Staff

This is *your* newspaper staff. A fun-loving bunch of young adults who diligently deliver your *Anchor,* every month. You think this is no big deal? Well, they also lay out the pages, write the articles and sleep, all in class! Gee! On the outside, we may look mild-mannered and all-American. But underneath our shy exteriors, we are actually underground communists from Rumania, influencing you with out subliminal messages, so cleverly weaved into our stories. We have planned a student rebellion and you are all unknowing participants. We're all involved and *vous* aren't.

# The Leader Of The Band

It's early morning and a low fog is slowly drifting across the football field. A lonely figure stands conducting the half-asleep band. Suddenly, a command is shouted, "Band atten-hut!" They quickly obey. Who is this forceful figure? Why, it's the one, the only Diane King, the drum major of the Pacifica High School Marching Band.

"I really like it a whole lot but it takes a lot of my time! It keeps me *busy!*", was the reply from Diane when she was asked how she likes being drum major. "A lot of the older guys tease me because I'm a girl and I'm only a Junior."

When asked how she decided to become drum major, she said that it was her own decision and that it seemed like a challenge.

"My goal is to place at the Long Beach All-Western Band Review because over 100 bands compete and only the top 3 drum majors receive trophies."

Diane is currently ranked as the best drum major in the Garden Grove School District.

With Diane's willingness to overcome challenges, her goals are most likely to become reality.

2. Practice makes perfect! Here, Diane is working on her routine.

Gina,
hey cutie! Geez, we've known each other for quite a long time now! Remember 8th grade we were such good friends. I miss those days a lot. Soccer was so fun when I was always on your team. What happened now I hardly ever see you. Call me sometime in the summer and we'll have to do something! (897-1945) Remember the eighth grade days at Bell! We'll have a great summer girl! Hope I see ya

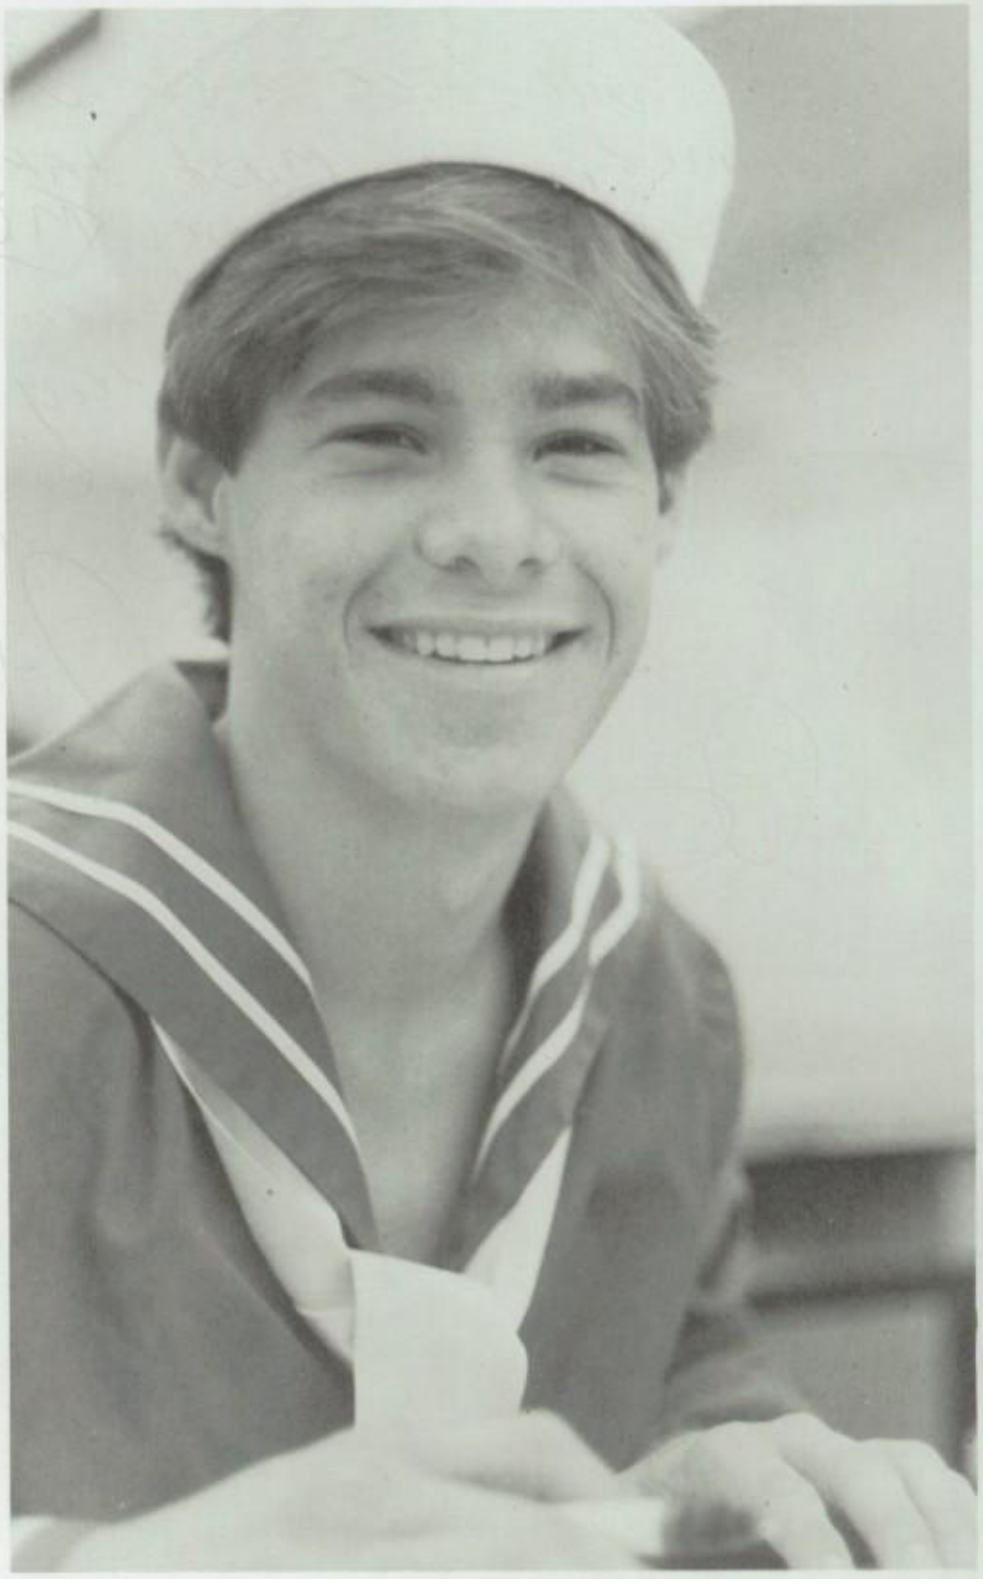
# SOPHOMORES

## Facing The Future

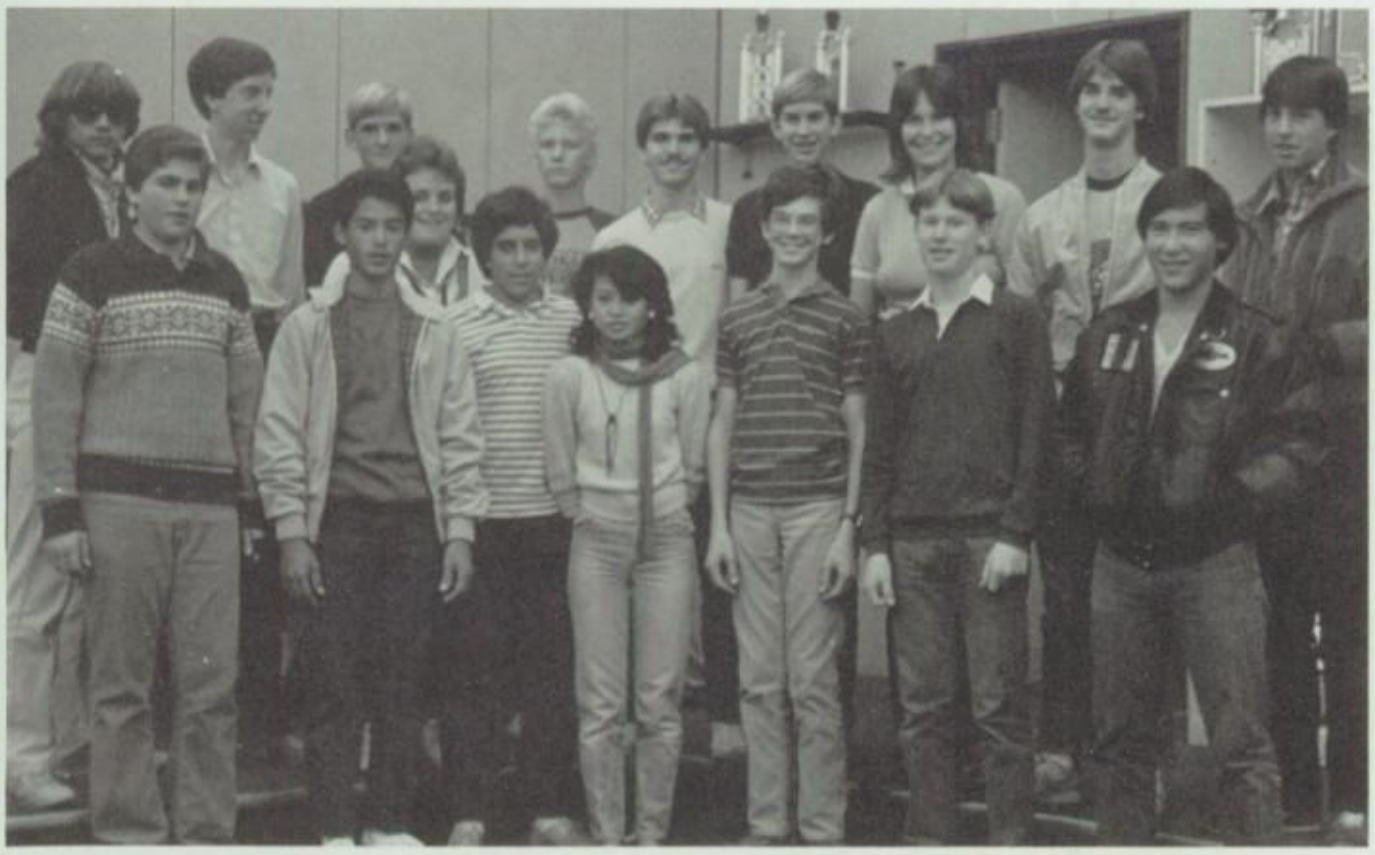
After getting over the insecure feeling and paranoia of being a freshman, the sophomores of the class of 1986 were faced with increasing challenges and issues of living in a more mature world. Overcoming these adversities would put them well on their way to adulthood.

Sophomores at Pacifica are faced with such new experiences as learning to drive, and tackling graduation requirements.

Accomplishing these feats not only means they have graduated to their junior year, but they have taken another step in their efforts to enrich the growth of their lives and to meet their future goals.



Sophomore Class Officers- *row 1* - Shannon Shaw, Michelle Miller, *row 2* - Sherry Cope, Beverly Ladd, Heather Berner, Raquel Krauss.



# Jazz Band

The jazz band, or stage band, is a group of talented musicians formed to perform big band and combo music in a variety of styles. They perform at basketball games, concerts, and festivals. Individual improvisation and tight ensemble playing are emphasized in this group.

Jazz Band- row 1 - Alan Stombaugh, Stanley Bambridge, Julio Becerril, Martinel Casiano, Keith Ferrara, John Wollman, Winston Taylor, *row 2*- Ron Zukowski, Mike Eggleston, Garet Bonham, Stacy Horn, Mike Layne, Neil Dalrymple, Greg Johnson, Mary Mays, Bruce Dalrymple, Karl Post, Dean Sur.

# Mariners Make Way For Maisie

Maisie Yuen is a sophomore this year at PHS. She was born in Hong Kong in August of 1967. Her family moved to New York when she was four, and later they moved to Madison, Wisconsin. After the unfortunate death of her father, her family came to California, and they now live in Garden Grove.

Maisie is a Straight "A" student and has been ever since seventh grade. She received the Masonic Award for outstanding student, the award for outstanding scholar in junior high, and she was the freshman Quarter Scholar of last year. Her grade point average so far is a perfect 4.0. She said, "Getting straight "A's" does not give one happiness. It is the feeling of accomplishment and the initiative that one has done so, that makes one feel good."

Maisie is a very active person as well. At home, she takes private piano lessons. At school, she is in Spanish Club, C.S.F., and Varsity girls tennis team. She is the secretary in Spanish Club, and the corresponding secretary for C.S.F. She tutors math in the morning and is also in journalism. In fact, she was the sixth grade school editor of her school newspaper, and the editor of Bell Intermediates 1982 yearbook.

Maisie's hobbies include playing piano, playing tennis, and reading the latest bestseller. She also likes computers and she is a "kamikaze" on video games. When she has time, she watches Chinese video tapes.

After high school, Maisie plans to go to a good college. She wants to major in business and minor in a computer-related field. She hopes to be a business executive in the future.

# Interact

What is the purpose of Interact? Who's behind it? Why do they do it? Pacificas very special Interact club members will tell you. They are helping others. In the past, they have provided dinner for the orphans, helped with the Special Olympics, and earned money in order to support a child in Indonesia.

When we asked a member why she was in Interact, she said, "It's hard work, but when you finish, you can't help but smile."

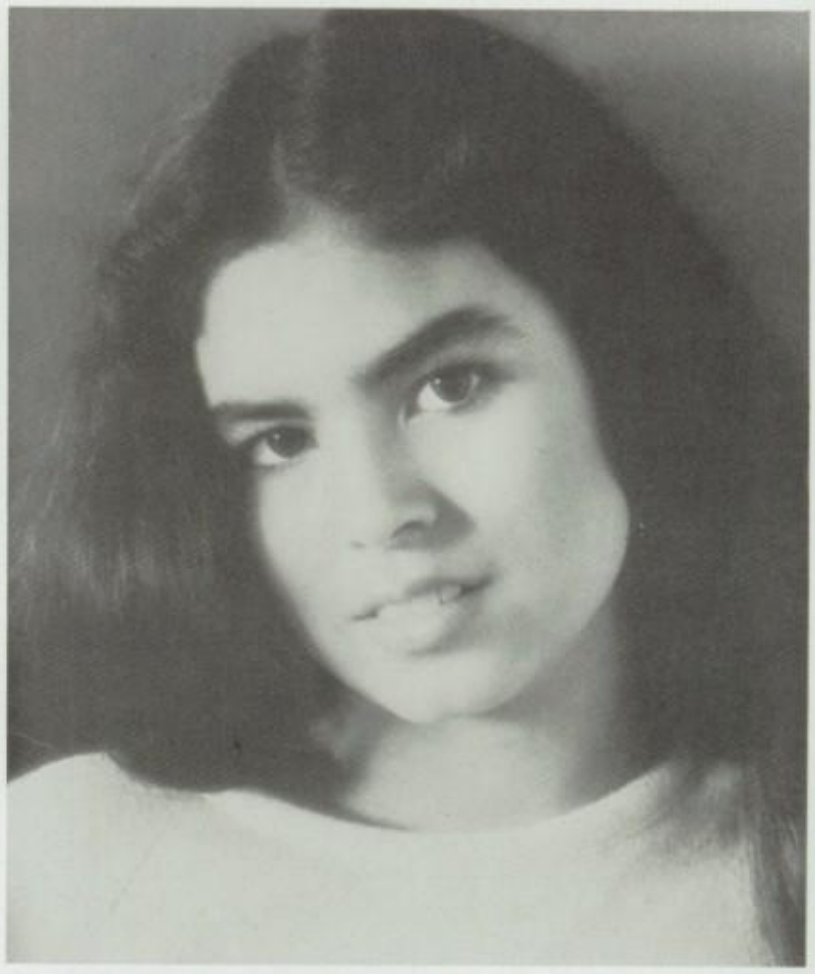
# A Someday Superstar



Maria Aparis is a sophomore. She is 15 years old, 5'2" tall, has long, brown hair, and her eyes are dark brown. Maria is an actress and a singer. She performed in a series on PBS, several musical stage productions, and sang at the Improv, Dontes, Playboy Club, Hollywood Roosevelt, and Poppacitos. Recently, she taped a new cartoon called "Mr. T" where she is the voice of Sandy. Maria has also acted in commercials. "Commercials are pretty easy," she says, "But sometimes they are pretty disgusting." While making a McDonalds commercial, she had to eat cold, soggy french fries, and a Big Mac that was filled with pickles (she hates pickles). Some roles are very challenging, like portraying Helen Keller. It took a lot of practice to learn to block out all sounds and to look right at a person and pretend not to see them.

Maria is a member of the Pacifica High School Drill Team. Her hobby is singing, and for fun and exercise, she likes to dance. Her favorite musical group is Duran Duran, and Karma Chameleon by Culture Club is her favorite song. Maria likes to eat Italian and Chinese food. Her favorite class is Oceanography (last year it was English), and her favorite teacher was Mr. Jackman. If she doesn't go to New York, Maria plans to go to college to major in singing, music, and theatrical arts. She would also like to study interior decorating.

# Gymnastic Sensation

Who is she? Her name is Pam Bilek, and she is currently ranked third in the country in gymnastics. She started when she was eight years old and has been training and competing for seven years. Pam competes in vault, uneven parallel bars, beam, and the floor excercise. She's placed in all of these events. Her gymnastic competitions have taken her all over the world. So far, she's been to Japan, China, Czechoslavakia, Australia, Hungary, Belgium, Holland, Germany, and Finland. Pam hopes to continue and compete in the Olympics.

Pam lives in San Jose, but she is living down here for a year to be coached by the Olympic females gymnastics coach. Pam has a tough training schedule which involves working for 4 hours a day, 5 days a week. Pam says it's hard to travel around because she has to make up missed homework and tests.

# Smurf King

Tim Olsen, a sophomore here at Pacifica, is known by many for his vast and unusual collection of *Smurfs*. He started the collection in 1980, when the Smurf series came out. "It wasn't even my idea," he recalls, "my aunt Aggie loved them and sent them to me on every occasion."

He has all of the characters including Papa Smurf and Smurfette. The 2½ inch figures range from three to five dollars each. When Tim caught on, he didn't just stop at the 104 characters in the set. He is also the proud owner of a Papa Smurf Kitchen and Bakery Set, a Smurf Funtime Village, and the Gargamel and Azreale Chamber. He keeps his exclusive set in the guestroom.

Although Tim has enjoyed his collection, he has decided to give it away this year. He concludes, "I think the Guatamalan children will enjoy it as much as I did."

# CLASS OF '87

# Freshmen

## Freshmen Frolics

Among the many changes at Pacifica this year was a whole new class of freshman. Consisting of wide-eyed, eager "youngsters", the class of '87 roamed the campus, trying to adjust to a new school, new faces, and new experiences.

Although they did not have an abundance of responsibilities, the freshmen class worked hard on producing funds through money raising projects.

President Moses Kim led freshmen activities which helped to build up an almost non-existent treasury. Moses was assisted by freshman vice president Jenifer Gaffaney, secretary, Kathy Spain, treasurer, Julie Armour, Commissioner of Activities, Julie Viscardi, and Commissioner of Publicity, Monica Giardina.

By the end of the year, the spirited group of ninth graders had grown into a class of experienced high school students, ready to tackle their remaining three years at Pacifica.

The Explorer Ski Association is made up of Representatives from all High School Ski Clubs in Orange County. The group meets occasionally during the ski season to communicate multi-club programs and individual club needs, and once a year, in May conducts the annual Ski Exploring Planning Conference. This years ski club went to Colorado and skied there for one week, then the following week they went to Salt Lake City, Utah, and skiied there. It was a lot of fun. # Olympic Hopeful

Michelle Dusserre, a ninth grader at Pacifica High School, excels in the field of gymnastics. She has been in gymnastics for ten years, having started at the age of four. Michelle competes on the vault, beam, bars, and floor.

This young athlete is now at the "elite" level, the highest level for gymnastics. She is currently training at SCATS (Southern California Acro Team) in Huntington Beach where she has been training for three years. Her coach, Don Peters, will be one of the coaches for the 1984 Olympics.

During the past ten years, Michelle has competed in many meets. In November, 1983, she went to Budapest, Hungary for the World Championships. This meet is almost as important as the Olympics. In December, 1983, she went to a Coca-Cola meet in London, England. One of her major accomplishments was in April, 1983 when she went to a U.S.A. vs USSR dual meet where she placed third all-around.

Michelle is now training for a berth on the Olympic team. First, she has to try out, then the top seven finishers compete as members of the Olympic team.

Everyone fully expects Michelle to be chosen because she is now ranked ninth in the United States.

# Students Aid The Community

At Pacifica the most active service organization was the Key Club. With the support of the Kiwanis, a group of professional businessmen from Garden Grove, the Key Club performed services that were beneficial to the community. They visited convalescent homes, old folks' homes, and even homes that care for the physically handicaped. They sometimes bring refreshments and even arts and crafts.

More than just arts and crafts and refreshments, people in the homes just need company. As Mrs. Venge, the club advisor puts it, "The people in the homes would just like the kids to spend time with them. Even if it is just to watch television together."

On one occasion the members of Key Club took kids from the Hyland Home, a home for the physically handicaped, to the zoo for the day. For the day, it was spent as a happy "one on one" relationship. Key Club also helped with the Muscular Dystrophy Association. That time they would help out by putting out jars for donations of loose change in stores. The Key Club was planning a marathon with the Muscular Dystrophy Association. They were also helping to restore table centerpieces for Valley View Royal, a residential care home for the elderly.

Last October, the Key Club members worked at the March of Dimes Haunted House in Anaheim Plaza for Halloween.

Key Club also had plenty of social events and even a yearly state convention.

Key Club was always looking for new members and was opened to everyone, but the club tended to have more juniors and seniors rather than freshmen or sophomores.

This years Key Club had a total of fifteen active members and the president was John Mara. Meetings were held on Fridays at noon in room D7.

# Catch A Wave

Under the direction of Mr. DePeri and led by President Danny Bradley, Pacifica's surf team rose to second place in Orange County with a record of 7-2.

"If it wasn't for the fact that Huntington Beach has been at it for fifteen years, I'm sure we would have taken first." Mr. DePeri explained, "The excellent conditions and enthusiastic surfers really gave us the edge."

The top scorers of the 35 member team were Danny Bradley, Chris Saenz, Darin Bradley, and Kenny Stites, plus all the others who gave their best effort. Pacifica thanks these students and wishes them luck next year, which shows to be better still.

# That Special Feeling

Most everyone at Pacifica High School has it; a few don't. It starts in September and ends in June, but it is particularly noticeable in a certain week in October. It is strongly perceived at sports events (particularly football games.) It is a fascinating feeling you get when you walk through the campus at our school. At Pacifica's school dances, it permeates the air. It is incessant at pep assemblies. Friends feel it when they gather to socialize. What is this extraordinary feeling? Why, it's Pacifica's school spirit, of course!

Membership in CSF denotes at least three "A"s earned each semester. The honor achieved by graduating as a Sealbearer is noted, along with each semester's membership, on the permanent record of a student, and is an asset when applying for college acceptance and for scholarships.

"Scholarship for Service", the CSF motto, has become a reality at Pacifica. The CSF Tutoring program has assisted many students with homework, test preparation and with general studies. CSF members have sold made-to-order badges, greeting cards and stationary, and have participated in Pacifica's carnival. The funds are used for scholarships awarded each year to the Senior member with the most points earned for services to others. To the right are the advisor Mrs. Cox and Marianne DiMarco.

LORETTA L. KOLENDA

As I look back on the making of the book, I remember the rushing to print the pictures and type the copy. I remember took the excitement when those first sets of proofs came and how everyone's face lit up when they saw their section as it would appear in the finished book. I still smile when I think of the fun we had together and the laughter we shared. You know, in spite of all the hard work and effort it takes to put a yearbook together, it was all worth it just to work with a staff as good as the one I worked with this year. This was, by far, the most enjoyable year that I have spent on the staff, and it was because of the great people I worked with and Mrs. Thompson.

This year, putting the book together really went smoothly, thanks in part to Loretta Kolenda and Mrs. Thompson. Loretta was always there, always cool and efficient. She was a tremendous and invaluable help to me. Loretta, thank you very much, I appreciate you.

Mrs. Thompson was the steadying influence on the staff and on me. She always had the right ideas and always understood the problems we had. I learned more from her about yearbook than I feel I could have from anyone else. Thank you, Mrs. Thompson, for taking the time to advise us on how to put this book together.

Finally, I must say thank you to the staff.

Dawn, thank you so much for all the time and effort you put into the making of the cover and division pages and the Art & Lit. and Faculty sections. You were a great help and a big asset to the staff and we appreciate you very much.

Phil Kumai, thank you for being around to give me advice, I value your friendship highly.

Judina, Noelle and Dee Dee, thanks for putting together the hardest part of this book, the class sections, and for all the help you gave us as typists and "Go-Fers" after your sections were done. You were a great help to us.

Lisa, you did a great job on the faculty section, CSF B of A, and Foreign Exchange. Thank you for all the effort you put in your sections, it really shows.

Kim, Ruth, and Stacy, the sports sections are very good. Their well balanced layouts and concise copy are a testament to how well you did in putting them together. Thank You!

The photographers, Jamie, Phil Weiner, Kent, David, Mike, and Jason. You have no idea how much we appreciate you giving up your afternoons and weekends to print and take pictures for us. We thank you very much.

Lei Lei, Jennifer, Maureen and Dawn. Thank you for joining the staff and helping us put the book together. You all did great jobs. I appreciate all your help.

Sammy, without you, the finances and index would have been a major source of concern for me. Thanks for making my job a little easier.

Thank you Staff, I'll miss you all.

Love,
Greg Pate

Wanting to be editor, what an exciting task! But was I up to the task? I felt that I was so I took a chance at it. The year started out rough, the ideas were hard to come by, but with all the support I received, everything started coming together. All of a sudden ideas were brought to me left and right. Everyone was so helpful and supportive. I now felt that everything was going to turn out for the best.

I remember how good I felt when it was time to turn in my section. Everything worked out like I wanted. I had accomplished my task!

The class was so patient and helpful with each other. We had our ups and downs, but when you really needed some support there was always someone there to lend a hand. Especially Mrs. Thompson, even when we were at our worst, she always did the right things to make things better. Mrs. Thompson helped me to gain a little more authority and respect towards myself and others.

Greg, you were very helpful to me. When everything was down and everyone was depressed, you always had a smile on and cheerful words to speak. Thanks for everything.

Dawn, you're what made everything come together. You did so much. You took on a work that others would have turned away from. Thank you just wouldn't be enough.

Thank you everyone else for your good work on your sections. Your special group.

Photographers, you're a "wild and crazy" group, but we couldn't ever made it without you guys. Don't any of you ever change.

I am really happy that I took on the task, and have now completed the 1984 yearbook for Pacifica High School.

Gina

GINA,

Theres no way I can put in words what our friendship means to me. Your a big part of my life and always will be. These last three years that Ive known you have been the best years of my life. Weve had some great times together and we still will. I might not see you as much now as I used to but dont you ever think that I dont care because your now and always will be my bestest friend. I think your the only one I can really talk to about my problems because your the only one that really know me. Now that Im out of school Im going to miss seeing you there and talking to you at lunch. What ever happens from now on in both of our lifes, we have to stay in touch. I hope your life is filled with joy and your successful at whatever you do, but I know you will be because your not a quitter. You'll have other people in your life that will be special to you but I hope I will stay as a big part of your life to you as you are to me. Ill try to come see you in later years as much as possible and I want to talk to you every week, Ok. If you ever have a problem dont even hesitate to come to me.

With love and admiration
your bestest friend, GARRY Gru.
